# EROTIKIDS

ISSUE #2

## COVER PICTURE

A beautiful seven year old girl, with sleek blonde hair flowing almost to her perfectly formed bare buttocks, looks over her left shoulder and smiles for the camera. All she is wearing is a thin gold chain around her waist. The full length mirror opposite reflects the frontal view of her slender body and bald, preteen pussy.

FOR CHILD LOVERS EVERYWHERE**

## EDITOR'S LETTER

**Dear Friends**

**It gives me great pleasure to welcome you to the second issue of EROTIKIDS - a magazine for pedophiles, by pedophiles. Issue one was a huge success, generating lots of praise and no small amount of controversy. Issue 2 contains even more of what you love. Sexy little girls, posing and performing as nature intended. No apologies, no preaching and no censorship.**

**Our agenda can be summed up in two words; PROUDLY PEDOPHILE! Within these pages, you won't find any eighteen year old "Lolitas". Neither will you find any bullshit in the form of "Legal Disclaimers", regarding the ages of our models or the nature of our photographs. From tastefully erotic to downright hard core - from toddlers to teens - if you like them young, you'll find them here.**

**In EROTIKIDS, we seek to celebrate our diversity, as well as our common interests. Wherever you are and whatever your tastes, this is your magazine. We need your contributions, whether these are letters, stories, fantasies, or the forbidden pictures you long to share with the world.**

**The children we love today are the pedophiles of the future, so teach them young and teach them well. EROTIKIDS is for them, as well as you.**

**M.K.**

### ABOUT OUR COVER GIRL

# MOVIE REVIEWS

## CHURCH OF PEDO - THE MOVIE.

PedoCam Productions.  
Starring Chelsea Brady, Rosanna, Little Mary Jo, Steve K.

Based on a story by Maxamm, Church Of Pedo is two hours of the hottest, nastiest child sex ever seen in a movie. In the role of preteen temptress Cora, Chelsea proves that she can act as well as she can suck and fuck. The Filipino rape scenes are especially graphic, but the movie is most notable for the chemistry between Chelsea and Steve - who plays Father Maxwell. Whether he is drinking her piss or she is sucking his cock, it's hard to believe they're not really dad and daughter. Apparently, part two is already in production. Be perverted, get converted!

## MOLESTATION

Starring Chelsea Brady.

Chelsea's first movie and a real collector's item. Shot when she was just five years old, her slut potential is already apparent. The little cum queen sucks several huge cocks and takes her fourteen year old brother's cock up her small, tight ass and looks like she's loving every minute of it.

## LITTLE FUCKERS

No credits.

No adults and no children over the age of eight in this hardcore European production. No story line either, but when the kids are this young and hot, who cares? Four little boys gang bang a five year old blonde slut. A three year old tyke is fucked up the ass by her seven year old brother. A quality movie, with plenty of explicit close-ups and even some watersports, LITTLE FUCKERS is a must for any serious collector of hardcore child porn. The kids look like they're having fun too - at least most of the time.

## RAPE SCENES #4

No credits.

Another compilation of child rape scenes, mainly from South America and Asia. The quality varies and some of the footage obviously dates from pre-VCR times. However, there's plenty in this collection to satisfy the most sadistic of viewers, including an extremely graphic and harrowing toddler rape. It's just a shame the makers didn't employ a little more quality control

## MELISSA AND HER DADDY

Blue Loli Enterprises  
Starring Melissa.

Melissa is a seven year old blonde, who spends much of her time either showering or looking sexy in her candy pink swimsuit. When she isn't getting wet, she's making her daddy happy, as only a dirty little girl can. Lots of oral action, several facial cum shots and a preteen pussy pumping climax make this movie a true child erotic classic.

## CHILD CUNTS #2

Illegals  
No credits.

A thirty minute compilation of clips from KP movies, featuring girls in the 4 - 8 age range. So much action crammed into so little time, you'll think you're watching on fast forward. The video equivalent of those pop up windows that freeze your browser and cause your PC to crash.

## VIVA PEDO

Bambino Euro.

Barbecue your VCR with a feast of red hot Spanish Lolis. Not a hair in sight and not a moment wasted in this non-stop fiesta of preteen sex. Facials, orgies, anal, watersports and some of the youngest and most mouthwatering little girls this side of a wet dream. Viva!!!!

## MEN WHO LOVE BOYS

KFC Productions  
No credits.

Featuring the escapades of two gay pedos in Thailand, this movie is a "must have" for lovers of preteen boys. Lots of sucking and explicit ass fucking as the couple sample the youngest and sweetest meat on the Oriental menu. The highlight is the gang rape of a seven year old boy in a Bangkok gay club. For the makers of this movie, it was obviously a most worthwhile vacation.

## NATALIE

KFC Productions  
No credits.

This is as real as it gets. Six year old Natalie is abducted by a trio of predatory pedos. The kidnap alone provides a lesson in child abduction. What follows is a harrowing tale of psychological torture and sexual abuse. Hoods and masks conceal the faces of her captors throughout and the three men have not yet been captured. If you followed the story of Natalie's disappearance in the media, this movie will provide an exceptionally twisted thrill.

## CHILD SEX ORGY

KFC Productions  
No credits.

Shot at a recent KFC convention, somewhere in Eastern Europe, this movie is a white hot diary of depravity. The men and women of the Kiddy Fuckers Club are here on business and there's no shortage of illicit entertainment. Pretty little girls as young as three are used and abused in ways Satan himself might not have conceived. In common with most KFC productions, there's precious little tenderness towards the little ones in evidence, but fans of hardcore child exploitation are unlikely to complain.

## ROMANI

No credits

Sixty minutes of secretly filmed footage of child sexual abuse in a Romanian orphanage. Some extremely nasty scenes, mostly featuring pre-school girls. No sound-track and no good reason why you should waste your money on this poorly shot and very unpleasant trash.

## PRETEEN INFERNO

Barenakids Video  
No credits

No sex in this movie, just a long and heavenly parade of little girls strutting their stuff in sexy underwear, swim wear and naked as nature intended. Watch for a few minutes and you'll be providing the cream.

## LOLITA

Blue Light Inc.  
Starring Josie Hull, Norman Jakes

Late seventies pedo interpretation of Nabokov's infamous novel. With an eleven year old girl in the starring role, this had the potential to be an underground classic. Unfortunately, only a couple of genuinely erotic scenes save this movie from being a softly lit, pretentious turkey that scarcely deserves its illegal status.

# LETTERS

*Just a short note to let you know how much I enjoyed issue 1 of EROTIKIDS. The pictures of four year old Hayley sucking her daddy's cock were the most erotic thing I've ever seen. The little slut looked so happy, with his cum running down her face. I just wish you could have published a few pics of him fucking her. That little bald cunt was just begging to be stuffed with hard dick.*

*Just one complaint. Why no guide to child porn on the Internet? That's where I get most of my stuff. I'm sure I'm not the only pedo who would have appreciated a signpost to some of the best KP to be found in cyberspace.*

*Minor gripes aside, your magazine is a breath of fresh air for loli lovers everywhere. Keep up the good work.*

*Hal.*

**IF YOU'RE LOOKING FOR CHILD PORN ON THE INTERNET, CHECK OUT OUR VERY OWN SITE. THERE, YOU'LL FIND THE LARGEST COLLECTION OF KP ON THE NET, AS WELL AS LINKS TO OTHER GENUINE SITES.**

*Praise first. I really enjoyed the first issue of EROTIKIDS. Little Hayley had me creaming my pants. Wish I was her daddy. And your cover girl took my breath away. I'm an active pedophile, with a love for really young girls, but I haven't met many six year olds as sexy as Kylie. If her daddy ever feels like sharing, I'll be first in line.*

*That said, I have a major problem with some of the content in your magazine. I consider myself to be a child lover, rather than a child abuser. I've had sexual relationships with girls as young as four, but that doesn't make me a child abuser. However, some of the stuff in your first issue made me sick. I'm a pedophile and I love child porn, but I draw the line at rape and torture. I don't want to see a five year old girl whipped and gang-raped by seven men, courtesy of KFC. As for your interview with the British pedophile who boasted of murdering a four year old Romanian girl for his sexual pleasure, that was simply sick. No wonder pedophiles are treated like lepers.*

**EROTIKIDS should be erotica with kids. Hayley's cum drenched smile has no place in a magazine where the sick fucks that make up KFC are treated as human beings. Love children, fight child abuse.**

*JG.*

\*\*\*

*As a mother of two young girls, I was disgusted by the first issue of EROTIKIDS. I expect to find erotica for child lovers. Instead, I find adverts for rape and snuff movies and an uncritical profile of a man who deserves a hot seat in the electric chair. From a very young age, I enjoyed a sexual relationship with my father. My husband and I are both sexually active with our daughters and it's a positive experience for all concerned. We looked forward to sharing EROTIKIDS with them, until we saw the horrors being marketed as "erotica". How can you ever hope to advance the cause of pedophilia, if you treat rape and murder as just another lifestyle choice?*

*Miriam.*

\*\*\*

*I love kids. I hate KFC. I fuck my nine year old daughter. She loves it. She's loved it since she was five. I show my daughter porn. I wouldn't show her your magazine. EROTIKIDS! Be honest and call it Child Rape Monthly. You could be doing something positive. You're doing shit.*

*Anon*

\*\*\*

*Hey guys. Pedophiles love children. Are you genuinely pedo, or just looking to make a quick buck, before the cops haul your asses off to jail? Before I bought your magazine, I'd never heard of KFC. Thanks for enlightening me. Now I know that all those years I've spent perfecting my seduction techniques have been wasted. I could have just grabbed a little girl, beaten the shit out of her, raped and murdered her and then sold the videotape. Thanks for busting the myth that most pedos are human beings, you fucking apes.*

*P.Q.*

\*\*\*

*Thanks for a great mag. Love the ads. That pic of the three year old girl with a cock stuffed up her ass really turned me on. I hope you'll have some baby sex pics soon. I'm enclosing one of me with my nine month old slut daughter's ass. My wife and I both love molesting the little cunt.*

*Jim.*

\*\*\*

*Wow, what a mag! Playboy quality child porn. I don't know how you guys are getting away with it, but long may it continue. I bought the "Amy Tape" and it is hot. I wish I knew where the little bitch was living now, so that I could go around there and rape her. Shame she escaped.*

*V.L.*

\*\*\*

*"A magazine for pedophiles - by pedophiles." Great idea, but you appear to have forgotten that not all pedos are into little girls. Couldn't you find any porn featuring men and preteen boys, or are you not quite as broadminded as you claim? In my experience - 36 years of active experience, in fact - I have found that even the very youngest and tenderest of boys can be taught to enjoy sexual pleasure. Having had sex with kids as young as five, I know what I'm talking about.*

*I'd be glad to provide some hardcore pics of my gay friends and I in action with a few sweet little boys, if you think you have the balls to publish them.*

*Barry L.*

\*\*\*

**IF YOU SEND US THE PICS, BARRY, WE'LL BE GLAD TO PUBLISH THEM IN OUR NEXT ISSUE. IN THE MEANTIME, CHECK OUT SOME OF OUR ADS AND READ TOR~PEDO'S HOT STORY OF MAN/BOY LOVE.**

*I'd love to see some bestiality pics in your magazine, especially little girls getting fucked by dogs.*

*Dirty Jo.*

**WE'RE HAPPY TO OBLIGE, JO.**

# CHILD SEX TOURS

# MANILA

The Philippines has long been a Mecca for child sex tourists. In the past few years, one place has become a Mecca within the Philippines. Thanks to a German couple, who fled the increasingly pedo-hostile environment in Europe, there is now a place that child lovers from around the world can call home.

Gunther and Ilse arrived in Manila, two years ago, along with their daughter. They were a couple on a mission. They bought a derelict apartment block, which they converted to a luxury bordello. Buying favor with the local police and politicians was easy. Finding the kids to fill their house of sin was even easier.

That is the official version. But there are hundreds of child brothels and hotels around the world that are nothing more than honey traps for the unwitting pedophile. Some are even organized by local law enforcement, with cops acting as pimps. In the best tradition of investigative journalism, we took a child sex tour to Manila. A visit to Gunther and Ilse was top of our agenda.

Once we were inside the bar, it swiftly became apparent that this place was something special. The menu of preteen girls we were presented with was a pedophile's delight in itself. The girls ranged in ages from four to ten and were, without exception, beautiful. Our hostess also offered a menu of boys, along with a tantalizing sounding "speciality menu". I decided I would sample the latter later. First, I planned to find out if the meal bore any resemblance to the menu.

I chose a six year old girl called Betina. Ilse offered to have her brought to my table, but I preferred to acquaint myself with the little Filipino slut in private.

A preteen waitress in white panties led me to the designated room. I half expected to find a couple of cops or a teenage whore waiting, but the girl I had chosen from the menu was waiting for me in the room. She stood in a corner, a shy, dark skinned beauty in tiny white cotton panties. She was small, though clean and healthy looking. As a matter of fact, the child was everything a jet-lagged sex tourist could desire. I was licking my lips already.

Betina was just a fancy name for another Manila street girl who spoke no English. But I wasn't going to complain about that particular piece of creative marketing.

To say she was nervous was an understatement. Ilse had assured me that I was Betina's first customer and I had no reason to doubt her. Any man who has ever molested a very young girl will know that wide-eyed look of injured innocence and naked terror that many of us find so appealing.

Betina was anything but a willing playmate, but that did not surprise me. After I had taken off my clothes, I had to practically drag her to the bed. I tried to explain to her that I wasn't going to hurt her, but even if she had understood, she probably wouldn't have believed me.

I have never known a little girl who did not enjoy having her pussy licked and this little Asian cutie was no exception. A few minutes of my tongue on her baby slit was enough to stop her crying. I guess she was thinking if this was all I wanted to do, she could live with it.

Taking my cock in her mouth required somewhat more "persuasion" on my part. But it was worth the effort. Just watching her in the mirror, while I gripped her by the hair and forced my meat down her throat, was worth what I had paid for her.

When she realized I wasn't intent on choking her, she actually performed like a good little cocksucker. She didn't come even close to enjoying it, of course, but that was my job.

There was no time limit on my stay with the child whore, so I made the most of her. I was just wishing I had a friend with a camera, to capture that exquisite moment when I drenched her little face in cum.

I was beginning to enjoy this pedo club. The TV on the wall above the door was showing hardcore child porn and I was naked with the sexiest little girl in the house. There was even a complimentary tube of lubricant on the bedside shelf. Everything, in fact, to make the pedo traveller feel like staying awhile.

Betina was probably wishing I would go away, but her cute little ass was just too tempting to resist. I used plenty of the free lube, but that didn't stop the little Filipino slut from screaming her lungs out, when I forced my cock up her ass. I suspected the rooms were not soundproofed, but I wasn't worried that anybody might hear her screams. When kids were raped, they generally

made a lot of noise and this was a place where the customers raped kids as casually as they drank the beer.

When I returned to the bar, I decided it was time to blow my cover and present my credentials to my hostess. Ilse had never heard of EROTIKIDS, but when I presented her with a copy of our first issue, she insisted that I should meet her husband.

The couple were surprisingly forthcoming about their past lives, as well as their work in the Philippines. Anyone who has seen the infamous KID-DEROTICA series of movies will be familiar with their work. They also published LOLI, CHILD LOVING and PEDORGY magazines, before a crackdown on child porn forced them to flee to the Philippines.

Gunther is justifiably proud of his pedo club. A "mutually beneficial arrangement" with the local authorities keeps the police off his back and ensures that any child welfare do-gooders don't come sniffing around his door. But, as he takes me on a tour of the nether regions of the club, he seems anxious to point out that he and his wife are not a pair of child abusing demons.

In Western society, it would be hard to justify his views, but in a Third World country like the Philippines, his arguments hold an inescapable logic. The children he and Ilse buy for their brothel are born without hope. Servicing the needs of foreign pedophiles is not an ideal existence, but surely preferable to scavenging in a garbage heap, or dying in the gutter. In the brothel, the children receive food and medical attention. So they become the playthings of sex tourists, in return for such hospitality. On the streets, many of them would fall prey to horrors far worse than foreign pedophiles.

The more Gunther talked, the more questions came to mind. I didn't want to sound like a do-gooder, but with children so young, surely there were "unpleasant" incidents. Having been a child sex tourist long before the phrase was invented, I knew the reality. For some men, sex with a child was not enough. Their desires tread a darker path.

Again, Gunther was honest. While he and Ilse placed no restrictions on the manner in which their customers used the children in their brothel, acts of "extreme sadism" were rare. He did recall a French couple who wanted him to videotape them murdering a four year old girl. He had refused. However, there had been a small number of "regrettable fatalities" over the three years the club had been operating. In such cases, the people involved were forced to pay a large "fine" which Gunther then anonymously donated to the family of the unfortunate victim.

It was around the time that that particular line of conversation concluded that we reached the Nursery. This is the domain of Monica - Gunther's stunningly attractive twenty-two year old daughter.

The Nursery is best described as a baby brothel. None of the occupants is over three years old and all are available for the sexual pleasure of the customers. That includes a two month old baby girl.

When Gunther offered me any one of the little ones for free, I have to admit I was tempted. But I kept thinking of Betina and decided I preferred my little girls out of diapers.

It was time for the obvious question. Did my host fuck the little girls? After all, he was a pedophile living in a candy store. If he wanted, he could have a different loli every night. His answer surprised me.

Gunther preferred girls in the eight to eleven age group - generally older than his customers wished to pay for. He and Ilse had "adopted" three such girls, who had become too old to continue working at the club. He did occasionally sample the merchandise, but his own little harem provided more than enough pleasure.

I came to the Filipino Pedo Club with the intention of spending a few hours and a few dollars. I ended up staying for three days, as the guest of Gunther and his beautiful wife and daughter. Needless to say, I sampled more of the pleasures on offer, all free of charge. I was also introduced to a few of the customers, including a fellow countryman named Carl. Carl was a regular visitor to Manila and had made the club a kind of home from home. He didn't tell me anything that I didn't already know - namely that I was in pedo paradise.

When you find a naked four year old girl in your bed - compliments of your hosts - it's difficult to remain objective. But I can sum up my visit to this child sex club in Manila in two words. GO THERE!

# PLAYTIME IN THE PARK

By MAXAMM

I enjoyed my job, working in the park. Children played in the park and I loved to watch children. I watched the little girls on the swings and slides and stole every innocent flash of child flesh for my fantasies. If - in the course of a ten hour day - I managed to catch a glimpse of one little girl's panties, I was a happy man.

I didn't regard the park as a hunting ground. It was simply the place where I worked and where I fueled my fantasies. When I wanted a little girl, I travelled elsewhere, far from where I could be identified. I was a firm believer in the proverb - you don't shit on your own doorstep.

The first time I met Kayla, I was ready to crap on my own dinner table. It was Monday afternoon and two things had happened over the weekend to put me in a horny mood.

First, on Friday evening, I had found a pair of panties in the park. They were discarded behind some shrubs. Even before I picked them up, I knew they had been worn by a little girl.

The material was white cotton, with a pink bow at the waist. The size was small, probably worn by a girl no more than seven years old. The crotch was stained yellow, but the scent was long gone. I bundled the find into my pocket. As soon as I got home, I intended to wrap those sexy little panties around my cock and jerk off.

The second unusual incident of the weekend was a visit from Billy. My pedophile friend only ever visited my grubby little apartment when he had some big news and this visit was no exception.

"Look at these," he said excitedly, scattering a handful of photographs over the table.

I looked.

Billy's pet hobby was photographing little girls in public. When he wasn't capturing them with his camera, he was luring them into his van. Billy had a way with little girls and he always took plenty of photographs of his conquests. The younger he could find them, the more he liked them. As far as Billy was concerned, any girl over eight just wasn't worth the risk.

The girl he had photographed was a cute little blonde of about seven. She was crouched behind some bushes, taking a piss. Her red dress was bunched up around her waist and her white panties were around her ankles. Billy must have gotten fairly close, because the photographs were perfect in every detail. I could even see the sun glistening on the amber pee stream that gushed from her bald slit.

As I studied the pictures, I was struck by something else. The surroundings were familiar.

"I took those pictures in the park, this afternoon," Billy explained. "I'd been hoping to snap a few little cuties in their shorts and summer dresses, but I didn't expect to get that lucky."

"How lucky did you get?" I demanded.

"I didn't touch her," my friend replied. "But she knew I was watching her. See the way she's looking straight at the camera? I couldn't have been more than twenty feet away."

"Was she alone?"

He nodded. "Must have wandered away from her parents, or something. I think if I had made a move on her, she wouldn't have started screaming or tried to run away."

"So, why didn't you?" I asked. "It's not like you to pass on an opportunity."

"I heard someone calling out her name," he replied. "Kylie, or something like that. It was probably her mom looking for her. Whatever - I beat a hasty retreat. Shame you weren't around, Max. Maybe you could have lured her somewhere more private."

"That's the weirdest thing," I muttered.

"What is?"

"Her panties."

"Yeah, they're cute alright," Billy agreed, leaning over to study the photograph. "But not as cute as her little bald cunt."

"No, you don't understand," I said. "I was working in that very spot this afternoon and I found a pair of panties exactly like those. White cotton, with a pink ribbon. She must have left them there."

"Why would she do that?" my friend wondered. "Let's have a look at them."

"They don't look so cute anymore," I replied. "The first thing I did when I got home from work was jerk off. Now I've seen who's wearing them, I feel like jerking off again."

Billy smiled. "You and me both. Let's break open a few beers and watch some kiddy porn. I've been a walking hard-on all day, since seeing that little slut. First thing tomorrow, I'm going hunting. You can come along if you want."

I didn't join Billy on his hunt, but when he called me on Sunday morning, I was sorry I hadn't. The five year old girl he had snatched on Saturday afternoon was all over the newspapers. She had been abducted in broad daylight and driven to a remote location, where she was subjected to "horrendous sexual abuse." She had been found over twelve hours later, wandering along the street, only yards from where she had been abducted.

"Her name was Jessica," Billy told me. "But you know me better than to believe that bullshit in the papers. I had a lot of fun with the little slut, but I was gentle. Even when I was fucking her in the ass, she didn't cry too much."

"Got any pics?" I demanded.

"Of course I've got pics," he replied. "Dozens of them. I'll let you have a look in a few days. Right now, I'm kinda busy."

I knew what that meant. Billy was busy with one of his fully grown lady friends. The guy led a charmed life. He picked up little girls like Jessica in broad daylight, without

ever getting caught. Once he had satisfied his need for preteen pussy, he was transformed with equal ease into the singles bar stud. I was no gargoyle, but even if I could summon sufficient interest in women, I did not think I would meet with much success. My sex life consisted of jerking off to child porn - usually supplied by Billy - and fantasizing about the little girls I saw in the park. When my needs demanded a taste of the real thing, I would take a hunting trip.

I was still thinking about the little girl peeing and the pair of panties I had found, when I returned to work on Monday. I couldn't shake the feeling that something wasn't right. It felt like a vital piece of the jigsaw was missing. It was entirely plausible that my friend could have chanced upon the little girl relieving herself behind the bushes and I could have later found her discarded panties, but for some inexplicable reason, that seemed like too convenient a coincidence.

It wasn't by choice that I found myself back in the area where the photographs had been taken, that Monday afternoon. But, when I saw the little girl, I felt as though I had entered a time-war.

She was wearing the same red dress and squatting behind the same bushes. Her white cotton panties were around her ankles and she was spraying an amber stream onto the grass.

Seeing me standing just a few yards away, she smiled. It was obvious she was not in the least bit bothered at having been caught.

"Hi," she greeted. "I needed to pee. Is it okay?"

"Uh, yes, sure it's okay," I stammered. "Can I watch?"

"If you want," she answered. "But I'm nearly done now."

She expelled a few final squirts of piss from her mouthwatering little slit, then started to rise.

"You'll get your panties wet," I told her. "You should wipe first."

"I don't have any tissue," the child protested, still holding her dress up around her slender waist.

"I can do it, if you want," I offered.

"Okay," she smiled.

With a quick glance to check that the coast was clear, I ducked behind the bushes and dropped to my knees before the little blonde girl. She pushed her wet, hairless pussy against my face, as I began licking her. I grabbed her small ass with both hands, hugging her even tighter against my face, my tongue burrowing deep into her tight, salty slit.

This was the girl in the picture and she was wearing the panties I had found three days earlier. Something spooky was happening, but I was enjoying her seven year old pussy too much to worry about it. Judging by the way the child thrust against me, the pleasure was not all mine.

When I finally surfaced from between her legs, I was close to creaming my pants. I expected somebody to shout her name at any second. When that didn't happen, I raised myself to a crouch and began feverishly undoing my belt.

"What's your name, little girl?" I asked.

"Kayla," she replied. "What's yours?"

"Max."

"My mom will be looking for me, Max," she said.

"Stay with me just a few minutes," I pleaded, pulling down my pants. "You're so beautiful and I so love playing with beautiful little girls."

The fact that Kayla was still holding up her dress and making no attempt to escape told me she wasn't scared of what I might do to her. When I pulled down my underpants, her gaze homed in on my throbbing cock.

"Wow!" the little girl gasped. "That's so big!"

There wasn't time for talk. We could be caught at any moment.

Pushing her onto her knees, below the level of the bushes, I dropped to my knees in front of her and grabbed her by the back of her head, thrusting my cock towards her face. Instead of struggling, Kayla opened her mouth.

She might have been only seven years old, but the little slut knew how to suck cock. She bobbed her head back and forth, swallowing most of my hard seven inches. There was no way this kid was a beginner.

While I face fucked the child, I kept looking anxiously around, expecting to be caught at any second. Explaining that the little girl had not only been willing to suck my cock, but had done so with the enthusiasm of a girl twice her age was not going to cut any ice with the cops.

Even though it was a beautiful day and the park was crowded, nobody appeared around the corner. Kayla made sweet love to my cock, right up to the moment of climax.

She managed to gulp down some of my hot load. I milked the remainder onto the grass. My cock was still dripping, when I heard the cry.

"Kayla!"

"That's my mom," the child whispered. "I gotta go."

As she stood up, I reached for her panties and pulled them down over her ankles. She did not even appear to notice, as she stepped out of them, smoothing her dress down over her hips.

"Who are you?" I demanded.

"I'm Kayla," she replied, wiping a rivulet of cum from her chin.

"Will I see you again?" I asked, as she turned to leave.

Glancing over her shoulder, she smiled. "Maybe, Max."

# MY DADDY - A TRUE LIFE STORY

By NANCY SPAIN

They called him a child molester - a pervert - a sick man.

I called him Daddy.

I was a nine year old girl. What did my opinion matter? Who gave a shit when I stood up in court and testified that I enjoyed sex with the man in chains? Not because I was brainwashed, or because I was afraid of him, but because I genuinely enjoyed it.

You want to know who raped me? The cops raped me, when they took me away and examined me for signs that I'd been doing stuff that girls my age just shouldn't do.

Some bitch with a rubber glove examined my cunny. She stuck her fingers inside me and made me cry. When I was five years old, daddy had stuck his dick inside me. But I hadn't cried then. I hadn't cried because Daddy was gentle and I knew he loved me. This fat lady with a rubber glove didn't love me. She just hurt me. A policeman was watching. He just kept looking at my cunny, while the bitch poked me. I could tell he wanted to poke me too - and not just with his fingers - but he had to pretend he was just doing his job.

After they had raped me, the cops tortured me. They called daddy horrible names. They told me they knew what he had been doing to me. They told me I had to tell them everything. They told me I couldn't go home, until I told them everything.

I told them Daddy loved me. They asked me about all the things we did. How old was I when Daddy started touching me? I just kept telling them he loved me. He came to my room because he loved me. He touched me because he loved me. He made love to me because he loved me.

I told them everything, because I knew Daddy had done nothing wrong. Sure, I sucked Daddy's pecker! Sure Daddy stuck his pecker up my ass and in my cunny! I'd been playing with Daddy's pecker since I was about four. But Daddy never beat me, or made me do things I didn't like. Daddy was always kind and gentle. Daddy loved me.

Daddy was bad! What Daddy did was wrong. Daddy should not have made me do those things. But I was safe now. Daddy would never hurt me again - as long as I told the judge. I had to tell the judge. I didn't want to tell the fucking judge. I just wanted to go home - with my daddy.

But I had to tell the judge. If I didn't, they would take me away and I would never see Daddy again. I had to tell the judge everything. And then, if the judge believed me, they would let Daddy go and we would go home together. In the meantime, I had to stay in the big house, with "nice" Doctor French. No, I couldn't see Daddy. Daddy was busy. But I would see him soon.

I told the judge. I told the judge everything - just like they said I should.

"Did your daddy ever come to your bedroom and lie naked with you in your bed, Josie?"

"Yes."

"Did your Daddy touch you between your legs?"

"Yes."

"Did your daddy ever put anything in your mouth, Josie?"

"Yes."

"What did he put in your mouth?"

"His pecker."

"Just to be sure we understand, what is his pecker?"

"The thing in his pants, sir. When it's big and hard, cum shoots out. Daddy put his pecker in my mouth lots of times."

"Where else did he put it, Josie? Where else did Daddy stick his pecker?"

"In my cunny and in my butt hole, too. Daddy stuck his pecker everywhere. Lots of times!"

I was seven years old. I was innocent. I thought I was doing Daddy a favor. The more I told the judge, the more I thought I was getting him out of trouble. That's what they told me. Tell the truth and your Daddy will be fine.

I told the truth. Daddy got sentenced to eight years in jail. I got sent to a foster home. Nice people, but strange attitudes. When I walked in on my foster-daddy in the shower one day and asked him if he wanted to fuck me, I got sent for therapy. He obviously didn't find me attractive.

Therapy worked. I forgot about sex and became a nerd. I read books, passed exams, made no friends, shut out life. My foster parents gave me a good home, lots of love, did their best to change me. Daddy was never mentioned. I was a new girl. A born-again virgin. A fucking angel.

But I kept a picture of Daddy and I kept my memories. They might have put him away, but they could never take him away. He would always be there for me, even if I was forbidden from seeing him, or even sending him a Christmas card in jail.

I played the game. Pretended amnesia. Did well in school. Waited until I was eighteen. Then, it was time to find Daddy.

It took a while. After prison, he had started a new life. But, after months of searching, I finally found him. He was working in a library and he looked so beaten, I cried.

Evil! Child abuser! Dangerous!

Fuck you, judge! That's my Daddy you're talking about.

It had been nine years and I was a big girl now. We were strangers, with a lot of scars, but a lot of healing time.

Daddy didn't blame me for sending him to jail. I was a child. They had used me. They hated pedophiles and would use every trick in the book to nail them. Abusing a nine year old girl came easy to them. They were on a crusade. I was collateral damage.

Daddy and I packed our bags and moved a long, long way. Nothing would ever come between us again.

It's been two years since we were reunited. We live happily together now and I'm pregnant with my Daddy's child. I've got the family I always wanted. It's the family I might have always had, if the system had been less concerned about my "welfare" and more about my happiness.

The following two poems come courtesy of a 12 year old English rose named Josie G. We love your work, Josie and we love your pic too.

PHOTO:

A SMILING, 12 YEAR OLD BLONDE GIRL IN SCHOOL UNIFORM HIKES UP HER SKIRT TO SHOW OFF HER TIGHT-FITTING WHITE COTTON PANTIES.

Daddy's going to have a baby tonight  
Sweet little Judy, so tiny and tight.  
Last week she was six - months that is!  
Mommy's gone out and she's all his.  
His cock is hard for a baby fuck  
Or at least an innocent toothless suck.  
Out of the cradle he gently lifts her  
And licking his lips, removes her diaper.  
He had planned to wait until she was one  
But this little slut is such a turn on.  
Flashing her pussy, so unaware  
Of the things Daddy wants to do down there.  
Laid on the floor, the baby is kicking.  
Between her legs, daddy is licking.  
She seems to enjoy the feel of his tongue  
Proof that it's best to start them young.

It's not really possible to have sex with a baby.  
Though one could give a great blowjob - maybe.  
No teeth to bite, just the feel of her gums  
Sucking and sucking 'til the baby lover cums.

When a girl has reached her first year at least  
Her tiny little pussy could make a sweet feast.  
Suck on that infant and she'll gurgle with joy.  
But care is advised with such a tender sex toy.

Games can progress to a more advanced stage  
With a little lady who is two years of age.  
She'll prove to be a much better cocksucker  
And a finger or two can be used to fuck her.

Many a pedo would most heartily agree  
That Heaven is a girl who just turned three.  
Her tiny slut ass, her cute little slit  
Into which a cock head can be made to fit.

What could be sweeter than the bald little cunny,  
Of an innocent, four year old virginal honey?  
With patience and love and lots of KY  
She'll take three hard inches and not even cry.

A five year old girl, so cute and petite.  
To take off her panties would be a real treat.  
Her delightful young body such a joy to explore.  
Guaranteed you will cum and come back for more.

How great it would be to teach bedtime tricks  
To a slender Lolita, no older than six.  
To make her feel good in that special place  
And shoot loads of hot cum all over her face.

How about a taste of little girl heaven  
In the form of a Miss who is all of seven?  
Becoming a woman, yet still immature.  
A dish many pedos would savor for sure.

In similar vein, one must highly rate  
Sex with a Loli who is all of eight.  
Most recommended as a preteen girlfriend  
Eager to please with mouth, cunt or rear-end.

What can be said about a schoolgirl of nine?  
In or out of uniform, simply divine!  
Her little girl breasts beginning to grow.  
Her virginity ripe and ready to go.

You might prefer to have sex with her when  
The girl of your dreams has just turned ten.  
Her pink little pussy, still childishly bare.  
Much is the fun to be had down there.

Though graduated from junior class  
An eleven-year-old is a nice piece of ass.  
Properly handled and educated well  
Such a young slut could be horny as hell.

## EROTIKIDS INTERVIEWS MAX C.

Picture this. You're a guy who gets his kicks from videotaping consenting adults in sexual situations, purely for your own voyeuristic pleasure. It's safe and legal dirty fun. Then, you meet a couple whose idea of fun involves shooting a dirty movie with a six year old girl. Do you call the cops, or do you trigger your camcorder and open your mind? Let's ask Max C.

EK; What kind of scenes did you normally shoot?

MAX; Usually pretty straight stuff. Mainly husband and wife exhibitionists. There were a few pretty memorable kinky scenarios, like the seventy year old man who wanted to be filmed fucking an eighteen year old black hooker. I guess the most perverted was the mother and daughter lesbian couple and their German Shepherd dog. If I'd been shooting that tape for commercial purposes, I would have made a fortune.

EK; You never kept the tapes?

MAX; Never. That was the deal. I shot the movie - my clients kept the tape. I was never in it for the money. Just being there with my camera was all the reward I wanted. I was Mister Discretion. I still am.

EK; Were there any scenarios you just refused to shoot? S&M stuff, for example?

MAX; I only ever got invited to film one such scene. The husband was the dominant partner and he did get pretty physical with his wife, when she was tied up. Whips, candle wax, nipple clamps - that kind of stuff. The more he abused her, the more she loved it, though you wouldn't think so by the way she was screaming. When I was finished filming, he invited me to rape her, though she was so fucking horny, you could hardly call it rape.

EK; So, there were no taboos?

MAX; I never filmed gay men. That was my taboo. Not that I'm homophobic, but I just don't get off on that. I don't do what I do for money, so I have to get into what I'm filming.

EK; Did you consider child sex a taboo?

MAX; Nobody ever called me up and asked me if I'd like to videotape them fucking a child.

EK; And if they had? Be honest.

MAX; Being honest, I would have probably refused. I'd have been afraid to get involved in that shit.

EK; But you did get involved in that shit and you've become even more involved. What happened?

MAX; What happened was a call from a guy named Sam. He wanted me to shoot an incest scene, with him and his sister. That's all he told me on the phone. You call up a pervert, you mention incest, you got a deal.

EK; So then what happened?

MAX; I showed up at their place, we got talking, then this six year old girl walked in. She was dressed up and made up like a preteen whore. It was then that Sam told me why he'd been so secretive on the phone. Him and his sister wanted me to videotape them having sex with the little girl.

EK; How did the girl feel about this?

MAX; She couldn't wait to meet the "movie man". She showed off her pussy, rubbed it right there before me, like a little bitch on heat.

EK; What were you thinking?

MAX; I was thinking I should get the fuck out of there. But I was also looking at that bald pussy. I'd always bought the line that the only kind of child sex was rape and I sure as hell wasn't a pedophile.

EK; So, you left?

MAX; No, I stayed and I filmed. Why? Because I had a hard-on for a six year old girl. I didn't give a shit about the wrong or right. This made everything I had ever seen look like a Disney movie.

EK; Was the child sexually abused.

MAX; The little girl had sex and she loved it. Legally, that might have been sexual abuse, but it looked more like pleasure from where I was sitting.

EK; Did you have sex with the child?

MAX; Yes. I fucked Kerri. And, believe me, the little slut loved it.

EK; But you weren't a pedophile.

MAX; I was a human being, reacting in the way any normal man would to a six year old girl strutting before him the way Kerri did. Maybe some men could have resisted, but I didn't, so I'm a pedophile. I fucked a six year old girl and we both enjoyed it.

EK; But Kerri wasn't the last, was she, Max?

MAX; No, Kerri was the first. Since then, I've broadened my horizons. Now, I work exclusively with pedophiles. Since Kerri, I've had sex with several more underage girls.

EK; How underage have you gone?

MAX; Last week, I had sex with a four year old girl, after I'd filmed her father and two uncles gang banging her. She was a real beauty. Her father said she's been sucking

cock since she was a baby and I believed him. She gave me the most incredible blowjob of my life and even swallowed most of my cum.

EK; What else did you do with her?

MAX; I had anal sex with her, while she was sucking her daddy's big cock. Boy, was she tight! Even after she'd been butt fucked by the other three men.

EK; Was her mother involved?

MAX; Her mother wasn't home and I didn't ask about her. Perhaps she had no idea her husband was an active pedophile, but it was more likely she just chose to turn a blind eye. At any rate, it was none of my business.

EK; Did the little slut enjoy being gang banged by four men?

MAX; I didn't hear any complaints. Her father and his brothers regularly used her as their fuck toy. I've come to the conclusion that the younger a little girl is introduced to sexual activities, the more she enjoys it.

EK; In that respect, many of our readers would testify to the benefits of early learning.

Do you have a lower age limit, Max? Would you have sex with a toddler, for example?

MAX; If you had asked me, a few months ago, if I would have sex with a six year old girl, the answer would have been no. So, never say never. If the opportunity arose and the toddler looked like she was comfortable with it, I wouldn't turn down the experience.

EK; How about a baby girl?

MAX; No. I would most definitely draw the line at babysex.

EK; Would you film somebody having sex with a baby?

MAX; No. If a child is too young to actively participate, as opposed to lying there and getting fucked or whatever, I would refuse to have anything to do with it. To my mind, that's just too close to abuse for comfort.

EK; So, you disapprove of people who enjoy sex with infants?

MAX; It's not for me to pass judgment. I'm just saying it's not my scene.

EK; Where very young children are concerned, there's always a very thin line between consent and coercion. Exactly where do your personal moral boundaries come into play?

MAX; If we're honest here, we have to admit that there's nearly always an element of coercion in sexual activity between an adult and a child. Persuasion is fine, but if some guy insists on holding down a terrified little girl, while he rapes her, then I'm outta there. Bondage and rough play is fine between consenting adults, but not where kids are involved.

EK; Have you ever had to walk out on a shoot, because the little girl involved just wasn't enjoying it.

MAX; Thankfully, I've never had such an experience. All the pedophiles I've met have been child lovers, rather than abusers.

EK; How do you meet these people?

MAX; Before I got hooked on child sex, I used to advertise in adult magazines. That's how I met Kerri's parents. They, in turn, mentioned my name to a couple who were sexually active with their seven and ten year old daughters. That was quite a scene, I can tell you.

EK; Two little girls in one night?

MAX; Two of the hottest, sexiest little blonde nymphomaniacs you could ever wish to meet. I've been to film them on three separate occasions, so I've become quite a friend of the family. They just love performing for the camera and there's nothing they won't do. I'm getting horny just thinking about them.

EK; What are their names?

MAX; I'd rather not say. Mister Confidentiality, remember?

EK; Fair enough. So, you've met all your clients through word of mouth?

MAX; Not all. Some people I've met through Internet chat rooms. The Net is a godsend for us pedos.

EK; Indeed. Presumably you're single.

MAX; Happily unattached. If it ever becomes legal to marry a seven year old girl, then I'll be the first in line. Otherwise, I'll be remaining single.

EK; You might meet a broadminded single mom with a little girl. There are quite a few of those out there.

MAX; So I've heard. If I ever meet one, I'll let you know.

EK; Any hot video shoots lined up?

MAX; As a matter of fact, I'm meeting a couple this weekend. They have a five year old daughter, so it looks like we'll all be having a ball.

EK; Have you ever considered producing commercial child porn? The market is huge and so are the rewards.

MAX; Not to mention the dangers. I've got a pretty good job already and I make enough money, so why take the risk? Besides, exploiting children for profit would take all the pleasure out of what I do.

EK; Enjoy those little girls, Max.

MAX; Thanks. I love your magazine, by the way.

If you would like to star in your own very personal child porn movie, write or e-mail EROTIKIDS and we will pass your details on to Max.

If you're reading this, you're probably already familiar with the details of my first encounter with Lucy and Kim. Maxamm did write another version of this story - BEACH PEDO - which featured a brother and sister. However, that was a work of fiction, whereas FUN WITH LUCY AND KIM is a true story. Whether any of Maxamm's stories are based on real life events, I'll leave to your imagination.

**The story you are about to read is 100 percent factual. I'm betting you'll wish you'd been there.**

## **PEDO PARTY**

**By "UNCLE" JACK**

Robert's invitation to a child sex orgy was not one I planned to decline. My encounter at the beach with Lucy and Kim left me hungry for more preteen pussy. Robert had promised there would be plenty at his party.

I was a little nervous about taking my niece along. Child abduction was not my scene, but that was exactly what I would be doing by taking little Evie to the orgy. I was also concerned that some toddler loving pedo might go too far with the three year old temptress. If Evie was raped, I didn't care to contemplate the consequences.

I hadn't quite worked out how I would even get my hands on the little slut, when fate intervened. My sister got a call from an old friend from out of town, who was having some kind of major domestic crisis. Her husband was away on business and she didn't like the thought of taking Evie on a two hundred mile road trip. Would I mind taking care of her for the weekend?

I would take care of her alright!

"Where we going, Unca Jack?" the little girl demanded.

"To see some friends of mine, honey," I replied. "We'll have lots of fun."

It was Saturday afternoon and the party was only half an hour's drive away. I could just about manage to keep my hands off Evie for that long, though the memory of the only time I had previously molested her was enough to give me a raging hard-on.

The house at which I finally arrived sat in a suitably remote location, safe from curious neighbors. There were half a dozen cars already parked outside. Even though it was only two in the afternoon, the blinds were drawn.

Holding Evie by the hand, I rang the doorbell. Robert took a few minutes to answer. Probably screwing one of his little girls, I thought. Or maybe screwing somebody else's little girl.

Finally, the front door opened.

"Jack, glad you could make it," my bathrobe clad host smiled.

"I wouldn't miss this party for the world," I replied. "This is Evie, my niece."

"Well, hi there, cutie," the middle-aged pedophile greeted, roaming lustful eyes over the bemused, blonde tyke. "How old is she, Jack?"

"Evie's only three," I answered. "Not too young, I hope."

He laughed. "Jack, my friend, the words too young don't apply to this kind of party. Come on in. The fun is just getting started."

That was something of an understatement. I wasn't sure what I was expecting to find, but I walked straight in on an orgy. Most of the participants were already naked, their clothing carelessly discarded on the floor. I counted four men, five women and six little girls, ranging in ages from toddler to ten.

Lucy was sitting on the lap of a fat, bearded man, energetically humping the thick cock that was halfway buried in her seven year old pussy.

"Hi, Jack," she beamed, her voice breathless.

I didn't reply. My attention was diverted to a five year old naked brunette, sitting on the face of a blonde woman, who lay sprawled on the floor. While the woman tongue fucked her bald pussy, the child sucked the cock of the naked young man standing over her, holding the base of his fat boner in both small hands. Crouched between the woman's thighs and feasting on her hairy pussy was a brown haired girl of about nine. A fat, silver haired lady, who could have been her grandmother, was fucking the preteen with a black strap on cock.

A few feet away, the remaining two men were sharing a skinny six year old blonde girl. While one of them butchered the child's stretched pussy with a large portion of his big cock, the guy that lay underneath her, holding her in position, was fucking her asshole.

A strikingly attractive redhead, wearing only scarlet high heels and a matching strap on cock, sat on the couch. Sitting on her left knee was a little dark haired girl of about three. A four year old blonde was perched on her other knee. Both children were naked. The redhead was rubbing their pussies, while they played with her rubber cock.

The last thing I noticed was the giant screen TV. Even without the live action, the hardcore kiddy porn movie playing on the VCR would have been enough to bring my cock to full attention. The star was a naked little Oriental girl that I would bet my left ball had not yet seen her sixth birthday. Her mouth and both small hands worked on the big cock of a naked white man, while a dark skinned teenage boy fucked her skinny ass.

"My god!" I exclaimed. "Is this for real?"

"We did say it was an orgy," Robert reminded me. "And with all these kids around, it doesn't take long for things to hot up. Would you like a drink?"

I looked down at my niece. Evie was gripping my hand tightly, regarding the orgy with wide-eyed incomprehension. She wasn't exactly terrified, but I could tell she was uncomfortable.

"Yeah, I guess I could use a beer," I replied.

Under the circumstances, I could probably have just stripped off and joined the party games, without offending anybody, but I needed a few minutes just to get my head around what I was witnessing. For a pedo who courted danger every time he sought out an outlet for his desires, the experience with Lucy and Kim at the beach

had been a mind blowing experience. Finding myself in the middle of a child sex orgy, just a week later, was almost too much like a fantasy to believe it could be real.

Though I had no desire to miss any of the action, I followed my host through to the kitchen. My chief concern was the little girl holding my hand. Evie was about as safe as a stripper in a male prison and - with so many little girls in fuck readiness - I knew I wasn't going to be around to protect her all day.

"Bit of a shock, huh?" Robert grinned, handing me a bottle from the refrigerator.

"You could say that," I replied. "I've never been to one of these kind of parties before. To be honest, I never imagined such things took place. I mean - Jesus - it's like a pedophile's ultimate fantasy."

"That's what it is," he said. "A pedo party. Only very trusted friends get invited. After that day at the beach, I think you fit into that category."

All the time he was speaking, his eyes were on Evie and, the longer he looked at her, the larger the swelling beneath his bathrobe seemed to become. For her part, my little niece was looking like she wanted to go home and play with her dolls.

I smiled. "Thanks. But you should know one thing. Evie is a virgin and that's the way she has to be when I take her home again. She's not my kid."

"You abducted her?"

"Sort of. I'm supposed to be taking care of her, not bringing her to an orgy. I know we're all pedos here, but....."

Robert laughed. "Don't worry, Jack, your little girl won't be raped. I know all of the people here personally and none of them are child abusers. Does little Evie like to suck cock?"

"She seemed to enjoy sucking mine," I replied.

"Then let's see how she likes mine," he said, opening his bathrobe.

At the sight of the strange man's big, stiff cock, the toddler instinctively moved against me for protection.

"Don't be scared, Evie, honey," I said gently, dropping to my knees and wrapping an arm around her waist. "The man won't hurt you."

Even though Robert was cajoling her in similar fashion, the little girl appeared unconvinced. Putting down my beer can, I unzipped my jeans and freed my own boner from my underwear. At least my cock was a plaything Evie would remember.

"Why don't you get her started?" my host suggested, fisting his hard-on.

I was only too happy to oblige. Standing up, I rubbed my cock head over Evie's chin and lips. Keeping one eye on the other man, the three year old grabbed my throbbing pole with both tiny hands.

Working it into her mouth took a little more patience and persuasion, but I was rewarded when my little niece finally embraced my purple cock head between her lips and began sucking.

Dropping to his knees, cock gripped in one hand, Robert reached beneath Evie's dress and pulled down her bright pink cotton panties. The child rolled her eyes sideways, but continued to treat my cock crown like a very tasty lollipop.

Robert lifted her legs out of her panties, then pushed her thighs further apart and buried his face in between. The child might have been too young to know what was happening, but that did not stop her enjoying it.

This father of two knew exactly how to excite a little girl with his tongue. As he worked it into her tiny slit, the toddler's sucking of my cock head grew more enthusiastic. She gripped the shaft with both small hands, jerking her hips as Robert licked her pussy.

I was holding Evie's head and building up to my climax, when a blonde haired woman in her thirties entered the kitchen. She was wearing high heels and a tiny black dress that did full justice to her slender, long limbed figure. But the first thing I noticed was the camcorder she was holding.

"Do you mind?" she asked.

"Be my guest," I replied.

I was pretty excited by the prospect of starring in a kiddy porn movie and the distraction had little effect upon my niece. Evie continued to squeeze and suck my cock, right up to the moment of climax.

The first glob of cum hit the back of her throat, before I withdrew and milked the remainder of my load over her face and hair, drenching the three year old cocksucker in hot, thick semen. Afterwards, I wiped my dripping cock on her lips, then stepped back, allowing the lady with the camcorder to capture a lingering close up of the toddler, with cum trickling down her face and oozing from the corners of her mouth.

Holding Evie's dress up around her waist, Robert continued to feast. For her part, the child showed no desire for him to stop. When he finally stood up, he presented his throbbing cock to her lips.

"Go ahead, honey," I told her. "The nice man won't hurt you."

My niece wiped a glob of cum from her chin with the back of one hand, studied it for a moment, then extended her tongue to lick the tip of Robert's cock.

I helped myself to a beer from the refrigerator and sat back to watch. Though there was no shortage of entertainment to enjoy in the adjoining room, I wasn't going anywhere until I had seen Evie take another hot cream bath.

As the little girl roamed her tongue over his gleaming cock crown, Robert pushed

her dress down over her shoulders. It fell around her ankles, leaving her standing naked. When she glanced at me, I smiled to reassure her that she was doing everything just right.

By the time Robert creamed Evie's face, five minutes later, I was fast developing a fresh hard-on. The toddler squealed and spluttered, holding his long, fat cock in both hands as it gushed semen over her face and into her open mouth. I was glad he had removed her dress, as it would have been stained with the cum that streamed down her neck and over her bare chest.

I finished my beer and stood up. Much as i enjoyed playing with my niece, there were plenty of other little playmates available and I planned to make the most of this wild pedo party.

As Robert wiped his cock in Evie's blonde curls, the lady with the camcorder introduced herself.

"I'm Sue - Robert's wife."

"Jack," I replied, shaking her hand. "It's a pleasure to meet you."

She smiled. "Lucy and Kim told me all about you, Jack. This sweet little thing must be your daughter."

"My niece," I corrected. "I've sort of borrowed her without permission."

"We won't tell anybody," Sue replied. "She certainly seems to enjoy sucking cock. What else have you taught her?"

"That's all," I answered. "And I don't plan on broadening her education too much today, if you know what I mean."

"I know exactly what you mean," she assured me. "But if you're planning on joining in the orgy next door, you might be better off leaving her behind. It can get pretty hot in there, as you've probably noticed. We have a special playroom upstairs for the very young kids. It's the first door on the right."

I decided that was probably the best place for Evie. Though my hostess had not said so explicitly, a naked three year old girl in the middle of a pedophile orgy was unlikely to remain a virgin for very long. Even if some stranger didn't pop her cherry, I might just do so myself, in the heat of the moment.

I didn't get her dressed or cleaned up, before leading her upstairs. From the living room, the grunts and squeals of a full-blooded orgy were clearly audible. I could hardly wait to join in the fun.

The playroom door was ajar, so I walked straight in, holding Evie's hand. There were four naked little girls on the floor, the oldest of which looked even younger than my niece. The toys they played with were a selection of brightly colored dildos. Sitting between them on the cum stained black rubber mat was a brown haired and bespectacled girl of about twelve. Her legs were open wide and she was demonstrating the use of a slimline black rubber vibrator on her own lightly thatched pussy. One little cutie of about two, with cum drying on her face and chest, was rubbing her own fat little pussy with her right hand and giggling delightedly.

At the other side of the room, a plump brunette in her early twenties, was breast feeding a six month old baby and jerking off a middle aged man with her left hand. His cock was larger than one of the infant's legs and only inches from her tiny pussy. The baby was as naked as the adults. The pair were too engrossed in the baby to spare me more than a quick glance.

"Hi," the bespectacled preteen smiled, continuing to play the thrumming tip of the vibrator over her clit. "Another little virgin?"

I nodded. "Her name is Evie. Sue said I should probably leave her here."

"Sure thing," she replied. "I'll take good care of her. Is it okay if I eat her pussy?"

"I think she'd like that," I answered. "In fact, I know she would. Just don't let anybody fuck her, or I'm in big trouble."

"I won't," she promised. "Hey, Evie. Come play with us. My name is Helen."

Hearing a loud grunt, I looked around, just in time to see the first glob of cum splatter the pussy of the feeding infant.

"Oh fuck, ohhhh sweet baby fuck!" the masturbating pedo groaned, spraying his thick load all over the tiny girl and her mother's heavy breast.

"Would you care to baptize my little Kate?" the woman asked, looking at me.

It was a tempting offer, but not as tempting as some of the cock hungry little girls downstairs.

"Maybe later," I replied.

She shrugged. "Whatever. Have fun."

My cock was throbbing like a jackhammer. I needed a little girl. Any little girl!

As I walked along the landing, I decided to check out the remaining rooms. The first was locked, but the sounds of a man grunting loudly and the creaking of bedsprings told me it was occupied.

The second door was ajar. I pushed it open just enough to peer inside.

Sprawled on the bed was a heavily built naked man. His playmates were a boy and girl of about six years old, who looked like they were twins. Both were naked. Two mouths and two pairs of small hands worked on his huge, hard cock. The fact that he had left the door unlocked probably meant he would welcome some more company, but I wasn't into the idea of sex with boys. I watched for a few moments, then crept away unnoticed.

The next door I opened led to the bathroom, where I found a twelve year old blonde girl treating a boy of about half her age to a blowjob. The younger child was naked, but the girl was dressed in a slut uniform of high heeled black rubber thigh boots and a matching mini dress that clung tightly to her budding breasts.

She looked at me and smiled, gripping the little boy's damp pencil dick between the thumb and forefinger of her right hand.

"Just giving my little brother a blowjob," she explained, as matter of factly as if I had caught her pouring a cup of coffee. "I'm Honey. This is Louie."

"I'm Jack," I replied. "I didn't mean to interrupt."

"Would you like a blowjob?" she asked. "I'm really good and you have a really nice dick. You can cum in my mouth. Louie can watch. You like to watch me sucking dick, don't you, Louie?"

The six year old boy nodded uncertainly.

Even though the preteen slut was about double the age range I preferred, she looked extremely tempting lying there on the tiles and I was as horny as a bull on heat.

"How about a fuck?" I demanded.

Honey shook her head. "I'm not allowed to fuck anybody but my dad. He lets me suck as much dick as I want, though."

I would have succumbed to temptation, had I not heard a cry from behind me.

"Jack, wanna play with me and Kim?"

Lucy stood in the doorway, still naked and obviously still horny as ever. The choice between the two little sisters and the twelve year old Linda Lovelace impersonator was no choice at all.

Leaving Honey to play with her little brother, I took Lucy's hand.

"Where is your sister?" I asked.

"In here," she replied, pushing open the door to her right.

Four year old Kim was lying naked on the colorful Mickey Mouse duvet that covered one of the two small beds in the room. Her legs were wrapped around the neck of the man who was licking her pussy. The neighboring bed was unoccupied.

"This is our room," Lucy explained. "Only daddy and our best friends can come in here."

"Am I your best friend?" I asked.

The seven year old smiled. "You're a really best friend."

Hearing our voices, the other man looked around. I recognized him as the guy who had earlier been ass fucking the skinny six year old blonde downstairs.

"Looks like you've earned the VIP treatment," he grinned.

"Very Important Pervert?" I ventured.

"Very Important Pedophile," he corrected. "I love using that word in the right company. Have you tasted this little beauty?"

"I've done more than taste her," I replied.

Lucy was practically dragging me to her bed, so I wasted no time on further conversation. Besides, the other guy had better things to do with his mouth.

"You wanna fuck me, Jack?" the seven year old asked.

"Yes - oh fuck, yes!" I breathed, slipping my right hand between her thighs. "I want to put my cock in your sexy little girl pussy."

She smiled. "Okay."

In less time than it took to say "my name is Jack and I'm a child molesting pedophile", I was lying on my back and Lucy was straddling me. Gripping my cock in both small hands, she lowered herself onto the tumescent rod.

"You're four," she said, as my cock head penetrated her tight slit.

"Four what?" I asked.

"Four cocks in my pussy today," she answered. "I'm having a good time."

I was having a fucking ball. Holding Lucy by the hips, I thrust upwards, burying my boner deeper in her cum slicked little slit.

The guy in the other bed watched us for a short while, without removing his tongue from Kim's four year old pussy. Finally, he raised himself to his knees and grabbed his hard cock with his right fist.

"How about a race to see who cums first?" he asked.

"You're on," I replied. "But I've already got a head start."

Flipping Kim onto all fours, he wrapped an arm around her waist and guided his cock to her pussy. From previous experience, I knew the four year old could not fuck like her older sister, but she still managed to accommodate several inches of his meat.

I didn't care who won the contest. Lucy was riding me enthusiastically, taking a good three inches of my cock in her tight little pussy. Her hands were wrapped around the remainder of my shaft.

The seven year old had acted like a real little slut at the beach, but in her own bed, she was like a wildcat. She bucked up and down on my shaft, blonde hair flailing around her face. Every deep thrust of my cock was welcomed with a loud squeal. Her baby sister displayed less enthusiasm for the cock head that stabbed her bald pussy. Kim bit her pillow and clasped the edges with two clenched fists. Her lower lip quivered with each whimper that emerged from her throat, but her expression was one of mild discomfort rather than pain.

I won the race by a few seconds. It was probably the sight of my cum gushing over Lucy's pussy and legs and the excited cries of the little girl that brought the other guy to climax. He withdrew his cock from Kim's pussy and milked his hot, sticky load over her small ass cheeks.

I hadn't forgotten the orgy downstairs, but when Lucy crossed over to her little sister's bed and engaged her in a sixty-nine, I decided there was no hurry to leave the VIP room.

"They're the most incredible little sluts!" the other man enthused, as we watched the little sisters lick and suck our cum from each other.

"They sure are," I agreed. "How did you meet them?"

"I'm their uncle," he replied. "Sue's brother. Sam is the name."

"I'm Jack," I said. "You have any kids of your own?"

"Just one," he answered. "I think you saw me fucking her downstairs. Where's your little girl?"

"In the playroom. And she's not really mine. I just sort of borrowed her for the day."

"Nice little girl," he mused. "How old is she?"

"Three."

"Virgin?"

I nodded.

Sam shook his head and tutted. "If you want my opinion, she's ready. Give her some painkillers and break her in gently. That's what I did with Tammy, when she was only two. Now, she loves getting fucked."

"If she was my daughter, every man in this place would be welcome to bang her," I replied. "But she's my niece, she's not supposed to be here and I can't let that happen."

He laughed. "Yeah, I understand. You want to be the first."

"Hopefully," I muttered, stroking my cock as I watched the hot preteen lesbian sex

show. "But there's more than enough little cuties to keep me amused for today. I just hope there's some KY Jelly around here somewhere."

"Why?" he asked.

"Because I plan to fuck that sexy little four year old slut in the ass."

"Go for it, buddy," Sam grinned. "There's a jar of Vaseline right there on the bedside table."

Kim was already in the perfect position and my cock stiffened rapidly as I smeared it with lubricant. The little girl raised her head from her sister's pussy and looked over her shoulder as I took up position behind her.

"Hi," she smiled.

"Hi there, Kim," I replied, guiding my boner to the pink little rear hole that looked like it had already been fucked today.

She gripped Lucy's thighs, moaning softly as I pushed my cock into her tight poop chute. She might not have been a virgin, but she was still only four years old, so I decided it might be unwise to penetrate her with more than a few inches.

"You wanna do me, Uncle Sam?" her sister asked.

"I sure do, honey," the big man replied, reaching for the Vaseline jar.

Standing at the side of the bed, he lifted the seven year old girl by her ankles and drew her back onto his throbbing hard-on. Watching him push it up her ass, I pumped little Kim's buttohole with renewed vigor.

We were still ass fucking the two little girls, five minutes later, when their mother entered the room.

"Having a good time, boys?" she enquired, training her camcorder on the action.

"Having a fucking ball, sis," Sam grunted, his balls slapping Lucy's wet pussy as he pounded her tight asshole.

I probably should have laid on a cumshot for the camera, but Kim's four year old asshole was so divinely tight, I just had to shoot my load inside her. Even after I had finished

# PLAYBOYS

## By TOR~PEDO

He was twenty minutes early. That was a good sign. It showed eagerness.

Donny was my new favorite boy. I had been priming the sexy, eleven year old blonde for weeks and this was the evening when my patience and cunning were going to pay off. I had invited him to come around after school, with the promise of some games he would enjoy. Donny was as anxious to please his favorite teacher as he was to discover just what kind of "games" I had in mind. Being a smart boy, he probably had a pretty good idea already. After all, I had asked him to give me a pair of his worn underpants just a week ago. Unfortunately, I had not been in a position to watch him remove them. Any kind of sex play in school was just too risky. But I had enjoyed sniffing his piss stained white cotton briefs, before wrapping them around my cock and soaking them in cum.

When I opened the front door, I received a double surprise. Donny was not alone. Standing beside him was a younger boy of about eight years old, dressed in a tight white tee shirt and dark grey sweat pants. The invitation had been for Donny alone.

"Who's this?" I demanded.

"Martin - my kid brother," he replied. "Mom had to go to work and she said I had to take care of him. Is it okay to bring him here?"

I smiled. "Sure it's okay. Come on in, boys."

It wasn't every day a pair of preteen boys turned up on my doorstep, like fresh meat on a silver plate. Normally, I would have to travel to the Far East to find a boy as young as Martin.

I ushered the two boys straight to the upstairs bedroom, which I had taken great care to prepare. The blinds were drawn and the concealed camera was already running. Everything else I would need was within easy reach.

"This is the games room," I announced. "We're going to have lots of fun in here. Would you boys like something to drink?"

"Got any Coke?" Donny demanded, scanning the bedroom.

The mirror on the ceiling above the large double bed caught his attention. His kid brother seemed more interested in me, which was a promising sign.

"I've got anything you want, boys," I replied. "Coke okay for you, Martin?"

The little boy shrugged. "Coke's okay. Why aren't you wearing any clothes, Mister?"

I wasn't quite naked, but my tight fitting black leather briefs left little to the imagination. Now that the boys were here, I didn't plan on wearing them for much longer either.

"I don't like wearing clothes when I'm at home," I replied. "You can take off your clothes too, if you want. There's nobody here but us."

"It is kinda hot," Donny remarked.

That was all part of my plan. With the temperature set on high, the boys would be more likely to want to strip.

"I'll go get those drinks," I said. "You boys make yourselves at home."

I went downstairs to the kitchen, filled two glasses with iced cola, then added a sprinkling of white powder to each. The drug would help to get the boys happy and relaxed, without any nasty side-effects. It wouldn't be the first time I had used it.

When I got back upstairs, the two boys were inspecting the contents of the photo album I had left on the bedside table. Donny seemed particularly intrigued by the explicit shots of me with some of my young and not so young playmates. His little brother looked more nervous, but the powder in his Coke would soon take care of that.

"There you go," I said, handing them the drinks. "Do you like my pictures?"

"They're really dirty," Donny replied. "Not like the pictures in my dad's magazines."

"Your dad has dirty magazines?" I cried.

cumming, I continued to fuck her, my cock pistoning in my hot, sloshing cream.

Sam took a few more minutes to reach his climax. Gripping his greasy cock in his right fist, he splattered Kim's buttocks with a thick load of semen.

Before finally returning downstairs, I checked in on Evie again. My little niece was lying on the floor, surrounded by the other toddlers and giggling delightedly as her twelve year old minder lapped at her pussy. The baby girl had finished feeding and was now sucking on the cock of a five year old boy, while her mother licked her tiny slit.

Downstairs, the living room floor was a heaving mass of naked men, women and children, fucking in just about every imaginable position. I might have cum three times already, but there was plenty of juice left for a few more rounds in pedo heaven.

Over the next four hours, I fucked five more little girls, including Sam's six year old daughter. It was difficult to believe that girls of such tender ages could really enjoy sex, but even the youngest proved to be enthusiastic participants in the orgy. I witnessed one sexy little five year old blonde get ass fucked by six men in turn, without a whimper of complaint. I became number seven, by which time the child was practically covered in cum.

By seven o'clock, the guests had begun to leave. It was getting close to bedtime for the little ones and even the most resilient of the child molesters were just about partied out.

Evie needed a shower, before I could get her dressed again. In my absence, there had obviously been a few male visitors to the nursery, as the toddler looked like she had taken a cum bath.

I kissed Lucy and Kim goodbye, promising to see them again soon.

"Is Evie staying with you tonight?" Robert asked.

I nodded. "She'll be sleeping in Uncle Jack's bed tonight."

"Maybe she won't be a virgin by morning," he quipped.

"Maybe not," I agreed.

The eleven year old nodded. "He hides them in the garage, where mom won't find them. He'd get really mad if he knew I was looking at them."

"What kind of pictures are in them?" I asked.

"Pictures of girls showing their titties and pussies," he answered. "Why don't you have any pictures of girls?"

"I think boys look much nicer than girls," I replied. "Does looking at girls make your weener hard?"

"Uh, sometimes," he answered awkwardly, sipping his cola. "Does yours, Mister Hull?"

"Never," I answered truthfully. "My dick only gets hard when I look at boys. It's getting hard now."

That was a lie. my dick had been throbbing from the minute these two hot young boys arrived. Donny glanced at my crotch.

"You said you were gonna show me a movie," he reminded me.

I smiled. "So I did. But if we're going to watch a movie together, we'll have to get naked. It's not fair that you should be able to see my weener, but I can't see yours."

"I don't wanna be naked," Martin protested.

"That's okay," I replied. "If you don't want me seeing your weener, you can keep your underpants on. How does that sound?"

"Okay, I guess," Donny conceded.

"Okay," his brother muttered.

It took me a few minutes to select a tape. When I turned around again, both boys were stripped down to their white cotton briefs. It was a sight to make any boy lover cum in his pants.

The video was gay porn, of course. Two men and a thirteen year old black boy. The men were close friends of mine and the boy was a hustler they had rented for the night. It was one of the few tapes in my collection in which I did not feature as a participant.

The kids had almost drained their glasses and I could see that the drug was already taking effect. Donny's cock strained against his white cotton briefs.

"Mmmmmmmm, you look very sexy in your underpants," I smiled, sitting back on the bed. "Much nicer than any girl I've ever seen. How about a kiss?"

The kid considered for a moment, then leaned over and touched his lips to mine. It wasn't the first time we had kissed, but it was the first time there was no danger of getting caught. It was also the first time I slipped my tongue into his mouth. He tensed for a moment, then decided he liked it and responded in kind.

While we kissed, I roamed my hands slowly downwards over his bony shoulders and back. When my fingers touched the waistband of his underpants, I tugged them down over his hips. At the same time, I dropped my free hand to his young brother's crotch. He responded with a murmur of pleasure, moving closer to me.

From that moment on, the drug did its stuff and the two young boys were all mine. I wanted to take some pictures of them naked together, but the need to shoot my load was more urgent. The second time I suggested Martin remove his underwear, he did so without hesitation.

I peeled off my leather briefs, then lay back on the bed, gripping my tumescent ten inch fuckpole in my right fist.

"Wow, that's so big!" Donny cried.

"Suck it, boy!" I grunted, seizing him by the back of the neck.

With my hand squeezing his little cock, he didn't require much additional persuasion. He licked the precum from my foaming purple crown, then glanced at the cock-sucking black boy on the TV screen, before wrapping his lips around my cock head.

Martin watched for a few minutes, before following his brother's example. With two

preteen boys feasting on my cock, it was hardly surprising I shot my load within minutes. Both kids received a faceful of cum, their small hands pumping my shaft as the thick wads of semen splattered over their faces. I gripped a small cock in each hand and Donny humped my fist enthusiastically, before climaxing with a small dribble of cream, which I was only too glad to lick up.

Everything was being secretly recorded, but I still wanted some photographs. Now that they had lost all inhibitions, the two little boys were ready to perform as I pleased.

Much as I loved popping a young cherry, I thought it best that Donny should fuck his kid brother, before I did the evil deed on that sexy, seven year old asshole. I prepared the little boy by licking and sucking his sweet preteen hole for at least ten minutes. Before picking up my camera again, I lubed his brother's small, stiff cock with Vaseline.

Donny grinned for the camera as he pumped the little boy's poop chute. The drug was working like magic.

When Donny had broken him in, it was my turn. Mounting the kid from behind, I

spread his legs wider and guided my boner to his sticky rosebud. Martin gripped the pillow with both fists, grunting softly as I forced my cock into his tight sheath.

Donny took a few pictures, before I told him to put down the camera and stick his hand up my ass. As I butchered his little brother with five inches of my raw meat, resisting the urge to push further, he slipped a hand between my buttocks and began rubbing my shaven asshole with two greased fingers.

By the time little Martin got a bellyful of cum, his brother's fist was wrist deep in my asshole. I didn't mind the pain. Donny would soon know how it felt to take something big and hard up his ass.

I couldn't complain when Donny announced that it was time to go home, two hours later. I had fucked both boys in both ends and corrupted them completely. When the effects of the drug wore off, they would recall only snippets of what had happened. And, if Donny had any questions, he would come to his favorite teacher. After all, he was my "special boy". For now!
