DISCLAIMER: This game is rated X and isn't suitable for anyone under 18, and maybe not for some people over 18. But it IS fun! The authors oppose all versions of child sexual exploitation. This game is strictly a sexual fantasy, and we hope you will enjoy every minute of it.

You can download this game at:

They're in a file called LovingDaughters.pdf. Click to view it. It takes a couple of minutes to open, then right click and save it. You can print out the game from the file.

Loving Daughters is suitable for solitaire play in case you're not in the kind of wild relationship that can provide multiple players. If you are, please let me know how to join.

This is a game for 1 to 6 players. You guide young teenage Girls through the pitfalls of adolescence, helping them overcome their inhibitions and enjoy every kind of sex they can, as soon as they can. Thanks to the Naked in School program, the age of consent has been drastically lowered and sex is encouraged as soon after puberty as possible.

Printing out and putting together this game is a big hassle, but it's worth it. Also, it's free. If it results in any fucking which would not have otherwise occurred, we will have achieved our goal.

Most of the locations, characters and events in this game have been taken from stories on our web site at The Horniest Place on Earth:
