Designer's Baby Bride 3

Jack held Megan and Devin's naked bodies tightly against his naked body. Jack reflected on last night. He thought about finding Devin crying and soaked with urine. Jack's penis began to stir as the thought about his shower with the beautiful 12 year old blond boy. He remembered his promise to Devin that he would help him overcome bedwetting.

Jack looked down at the two blond heads in the crooks of his arms. He toyed with their blond hair and thought about how luck he was to have them in his life. Their deep blue eyes stared back at him and Devin's hand reached out and lightly touched Jack's semi soft erection that was still covered with Megan and Jack's juices.

Jack's fingers lightly stroked Devin and Megan's naked backs and played with fine hairs at the nape of their necks. He felt Megan's nipples harden and Devin's boyhood stiffened as Jack's fingers explored the small of the young boy's back.

This was a heavenly way to spend the morning. The early sunlight came through the window and warmed their bodies. Jack's fingers moved down and ever so lightly stroked the backs of their thighs and hips. The stimulation of the sensitive nerve endings made both of the beautiful young bodies shiver with pleasure. Jack kissed their foreheads as his middle finger traced their cracks.

In response, Megan began to kiss and lick Jack's erect nipples. The pleasure of her kisses was stimulating. Jack responded by bearing down with his fingers and penetrating their cracks. Jack was now lightly touching and exploring both of their virgin rosebuds without penetrating them.

Devin was fascinated as he toyed with Jack's fully erect member. This was his first opportunity to see a circumcised penis. He thought that Jack's penis was amazing as it became fully erect in his small fingers. He marveled that it was so thick that he could not close his fingers around it. The exposed glans and corona fascinated Devin. His index finger traced lightly around the corona, but he pulled back when Jack gasped.

Jack ran his fingers through Devin's fine blond hair and told the boy it was alright to touch it. It just felt so good that I gasped.

Devin looked up at Jack and grinned. It felt that good? He asked shyly.

Jack nodded yes.

I made you feel good...wow! Devin said as he returned his attention to exploring Jack's throbbing member.

Jack's intense sexual excitement was obvious as his erection jerked slightly with each beat of Jack's racing heart. The head of his penis was flared to the maximum and the ridge of the corona was the hardest that Jack could ever remember. Jack watched as the boy's fingers began to explore his raging member again.

Megan played with Jack's erect nipples as she stared at her husband adoringly. She combed his sandy hair with her fingers and then leaned up to kiss him. It was a tender loving kiss. She leaned back and told him how wonderful he was and how happy he made her. She kissed him again...lightly and lovingly.

Jack loved the feeling of her taut 14 year old body pressed against his body. He felt her breast buds and hard nipples pressed against his chest. Megan straddled Jack's left leg. Jack felt her moist labia separate and caress his thigh muscle. Moments later he felt her thrust forward her hard clit rubbed against his thigh as the juices from their earlier love making and new juices from her current excitement covered his thigh.

Devin played with the copious precum that leaked continuously from Jack's throbbing erection. Devin lightly spread the slippery fluid over Jack's glans and corona which only cause the volume of precum to increase.

Jack noticed that Megan suddenly had an anxious look on her face. He stroked her beautiful cheek as he asked her what troubled her.

With her eyes cast down she asked him if he really wanted to make a baby with her.

Jack lifted her chin and looked her in the eyes. Megan nothing would please me more than to create a beautiful baby with you. He told her just before he kissed her.

When they kissed Megan pinched his nipple which made him groan with pleasure. She looked up at Jack as she continued to hold on tightly to his nipple out of nervousness and

said that her period should have started yesterday and didn't...and her period was always on time.

It took only a split second for Jack to react by kissing his young bride passionately. The passion of the kiss combined with the intense stimulation of his erection by Devin and Megan pinching his nipple was too much.

Devin was listening to Megan but was more interested in the throbbing, thick erection in his hand. Devin had been gently cupping Jack's scrotum when he noticed that the testicles were beginning to draw up in to Jack's body. He felt the large testicles draw up with a testicle on either side of his hard shaft.

Devin leaned down to get a closer look to see what was going on. His small fingers continued to massage the corona and glans as he leaned in for a closer look. He heard a guttural low groan that emanated from deep inside Jack's body and watched as Jack's pelvis rocked forward reflexively. Devin watched fascinated as the first creamy rope of hot semen ejaculated from the tip of Jack's erection. He felt the hot stickiness as it landed on his cheeks.

Iona opened the door and smiled as she watched her son's face being covered with Jack's semen. Jack and Megan were lost in the pleasure of the moment. Jack's hips rocked forward this time shoving his erupting member against Devin's slightly open lips. Jack's body convulsed at the intimate touch and discharged another volley of hot semen in the boy's mouth and nose. Jack pulled back again and this time thrust forward with his penis sliding along Devin's creamy white cheek and loosed another jet of hot semen over his closed eye and eyebrow. Devin opened his mouth to speak when the throbbing member came forward and the head penetrated the boy's mouth as it delivered the last of Jack's hot man seed.

Jack's body relaxed as his orgasm ended. The tip of his erection was still in Devin's mouth and he felt the young boy tentatively lick his penis. Jack pulled back from the kiss with Megan and as he continued to run his fingers through her hair he told her how the news of her pregnancy made him erupt all over Devin.

Megan gave Jack a mischievous smile and turned so that they could see Devin. Devin turned and looked at them. His face was covered with Jack's seed. Globs of semen dripped down over his left eye and one nostril was clogged with thick creamy seed.

Megan looked at him and with her lilting Irish brogue said, Devin you're a mess. She leaned up and began to lick her husband's seed from her 12 year old brother's face as her mother looked on while she held a tray with their breakfast.

Iona watched as Jack began to lick the other side of Devin's face. Iona juices were flowing freely as she watched Jack and Megan lick semen off her naked 12 year old son. When Megan was satisfied that she and Jack had thoroughly cleansed Devin, she kissed her little brother tenderly on the lips and then turned to kiss her husband.

Megan turned to her mother and patted the bed for her mother to sit on.

Jack could not believe that he was comfortable being naked in front of Iona after just ejaculating on her naked 12 year old boy. But somehow it seemed the most natural thing in the world.

Iona set the tray on the end of the bed and sat beside her daughter. Megan took Iona's hand and told her that her period should have started yesterday and it still hasn't.
Momma I think I am pregnant.

Oh...my baby...of course you are! Iona said in her thick Irish brogue. She reached out and lightly cupped Megan's mons and Jack penis and scrotum. Jack's seed found your egg the first time that you made love. Your child will be a beautiful blond boy with blue eyes and will look very much like your handsome brother. Iona said as she leaned over and kissed her son who still smelled of fresh semen.

Devin looked as his mother as his father Liam stood in the doorway. Momma, Jack helped me make my first seed this morning.

Liam rushed in and hugged his naked son. My boy is becoming a man. He said as he kissed Devin on the lips.

Iona turned to Liam and told him he missed the other big news. She nodded to Megan to encourage her to share the news with her father.

Liam walked toward Megan's side of the bed.

Oh Papa...it is so exciting. I am pregnant. Momma says it will be a beautiful boy that looks like Devin.

Liam took Megan's radiant face in his hands and he kissed her on the lips as he held her naked body against him.

Iona caressed Devin's face as her other hand explored his beautiful erection. She tenderly pulled back his foreskin so that she could see the throbbing head of his boy member. She lightly caressed the corona and glans as she leaned forward and kissed his forehead. She lowered her other hand and began to feel the base of the boy's erection. There she found a tiny dusting of white blond pubic hair. She call Liam over to see their son's development

Liam's fingers explored his son's erection and his pubic hair. It is magnificent Devin. He kissed his son again pulling the boy's naked body into a tight embrace. Devin felt his father's erection pressed against him. As he broke the kiss with his father, Devin felt his mother cup his throbbing member and seed filled orbs.

She looked at Devin and told him how lucky he was. Iona told Devin that many men and women would crave the seed that his body will produce. She turned to Jack and Megan and told them that they would take the boy's virginity. Iona drew Megan, Jack and Devin into a tight embrace and kissed each of them passionately. She looked at Jack and reminded him that he would become close to Devin...very close. As she stroked Devin and Megan's faces, she told Jack to treasure Megan and Devin.

Iona leaned over and kissed Megan passionately. Her fingers lightly stroked Megan's erect nipples which made the young girl shiver. Iona's hand trailed down and caressed Megan's pubis. This time her finger probed the sacred entrance to the girl's core. Iona felt Megan's clitoris as it became fully erect. She was surprised at how large it was. Her fingers began to probe the vagina still filled with Jack and Megan's juices. Iona dropped to her knees and she began to lap her daughter's sacred place. Iona's body shook with pleasure as her tongue dipped deeply in her daughter. She felt Megan shudder with pleasure as she began to suck on her clitoris. Iona's body shook with a powerful orgasm without being touched. Her juices flowed down her legs. She heard the cry of her daughter as the powerful orgasm overwhelmed her young body.

Liam leaned down to kiss his beautiful 12 year old boy. The boy was so handsome it was breathtaking. Their lips made contact and Liam's hand caressed the boy boner. His thumb lightly explored the tiny bit of pubic hair. Liam dropped to his knees in front of his son and began to worship his boy boner with his tongue. Devin couldn't believe the feelings his father caused in his body.

Liam sucked the boy into his hot mouth and began to bob his head in a rhythm designed to bring the boy the ultimate pleasure his body could give him. Devin groaned as he father sucked him and then thrust his boy member deep in his father's mouth as the pleasure took over his young body. The boy's body shook as he delivered one drop of his boy essence to his father's tongue. Liam kissed the boy after his orgasm subsided. In his wonderful Irish brogue, he told the boy how marvelous that was. Liam stood and looked at Iona.

Iona stood and stepped over to Liam. She cupped his obvious erection. I must go pleasure the man I love. She told them as she led Liam to a guest room.

Devin, Megan and Jack devoured the food that Iona left for them. They ate quietly. Each of them was lost in their own thoughts about what she had said. When they finish, Jack kissed them both and then led them to his new shower room. It was a large room with one glass wall. Jack touched one of the buttons on the wall and dozens of jets from all sides of the room spray their bodies with water that was the perfect temperature.

Jack touched the button that dispenses body wash and he began to soap the chests of the people that he considered to be the most beautiful male and female in the world. His fingers danced over Megan's breast buds and he wondered what pregnancy had in store for those beauties. Megan and Devin begin to soap Jack and each other. It was awesome to be naked with each other in the innocence of exploration. They dried each other off

and once again the temptation for sex was strong, but there was something that Jack wanted to accomplish first.

He told Megan and Devin to grab some shorts that they were going to ride into town. The three of them grabbed cargo shorts and t-shirts and pulled them over their naked bodies. The tiny top that Megan had chosen was made of light weight cotton and was held up by two spaghetti straps. The material highlighted just how erect her nipples were. There was no question that she was naked under the top.

They walked down the back stairs into the kitchen. Jack opened a refrigerator in the pantry where they kept drinks. He grabbed two regular bottles of water for him and Megan. He also found a liter bottle of water for Devin.

Jack asked Megan to find the car keys. She rushed in to the far side of the kitchen to look for the keys while Jack quietly told Devin that he wanted him to drink lots of water today. Jack told him that as he handed the boy the liter bottle of water. Then he told Devin that he needed to ask permission before he urinated.

Devin blushed and nodded.

Jack put his arm around the boy and told him what a blessing it was that happened last night. If it had not happened we probably would not have had the wonderful morning that we did. Jack kissed the top of the boy's head.

Megan came back with the keys and sensed that something serious was going on between Jack and Devin. While Jack never explicitly said what happened last night with Devin, there was no question in Megan's mind what it was. Devin had the problem before. Her heart ached for her little brother and the embarrassment that he was feeling. She put her arm around him and hugged him and hand Jack the car keys.

It was beautiful as they drove down winding roads that meandered through the small mountains. Soon they drove into a picturesque village where most of the homes were built in the late 1800s. The town square was untouched by time. There was a barber shop where the men sat out front having coffee. There was even an old fashioned ice cream parlor. They drove through the other side of the little town and found a chain drug store on the outskirts of town. Jack told them he would be back in a few minutes. He came out with a sack and put it in the trunk.

They drove back into town and parked at the ice cream parlor. While they were enjoying their ice cream, Megan asked Jack what he bought at the drug store. He told her he would show her when they got home.

When they got back in the car, Jack encouraged Devin to drink more water. Devin told Jack that he needed to pee. Jack nodded and continued to drive to the house.

When they got home Jack asked Megan to get them some iced tea and kissed her on the cheek. He whispered to her that he needed a moment with Devin. Devin started for the bathroom, but Jack steered him to the front door. They walked out toward the pool and continued walking down toward the lake.

When they were away from the house, Jack explained to Devin what he was trying to do. Devin we are going to try to strengthen your bladder control muscles while we build your bladder capacity. That is why I want you to drink liquids and hold it as long as you can. Then when you urinate, I will be with you and we will practice starting and stopping your stream. He hugged the beautiful boy and asked him if her understood.

The boy nodded, still looking somewhat embarrassed.

Jack asked Devin if he thought they should tell Megan what happened.

Devin nodded yes but turned bright red at the mention of telling his sister.

They turned around and walked back toward the house just as Megan walked out the door and waved at them.

When they sat down, Devin took a big gulp of iced tea as he looked at Jack for approval.

Jack nodded and smiled. Jack looked into Devin's deep blue eyes and asked him again if it was okay to tell Megan.

Devin looked down as he nodded yes.

Jack walked over and sat on the arm of Devin's chair and put his arm around Devin's shoulder and hugged the boy tightly and began to tell Megan what happened last night. He told her about the accident that Devin had and that was why they were all naked in bed this morning. Megan rushed to Devin and hugged him and told him he would get over this.

Jack explained his plan to strengthen the bladder muscles and increase Devin's bladder capacity. As Jack talked about it Devin began to squirm around in his chair. Jack nodded sympathetically at Devin.

Jack asked Devin how he was doing.

I really gotta go, Devin told him.

That's good. Jack said. As long as it doesn't hurt keep holding it. The three of them sat there and talked about what they would do the rest of the day for a few minutes. Devin's squirming got much worse and now he was actually holding his penis to stop the flow of urine.

Devin finally stood up and danced around holding his penis. He told Jack that it hurt. Tears were beginning to stream down the boy's beautiful face.

Jack rushed to Devin as he told him to let it go right now. Jack tried to unbutton Devin's shorts. Devin held it as long as he could and when Jack told him to go he immediately started to urinate. The stream of yellow fluid erupted through the front of his cargo shorts. The urine gushed over Jack's hand as he tried to release the zipper. The shorts were soaked instantly and the urine dripped down over his feet and flip flops. Devin watched in horror as his urine soaked Jack.

Jack tried to get out of the way, but the hot urine squirted all over Jack as he knelt before the boy taking his shorts off. Jack laughed and quickly stood up and got behind Devin and grasped his penis. Jack told Devin to try to stop the flow. Devin strained and the flow of urine slowed to a trickle and then stopped. The blond boy looked miserable. Jack told Devin to let go again and a strong stream of urine arched into the air and shot out 20 feet.

Wow Devin that was great. Jack told the boy. Jack asked Devin to stop the flow again. The boy did. They continued to practice starting and stopping. When the boy finished, Jack stood and kissed the boy on top of the head. His nostrils filled with the scent of young boy mixed with the smell of urine. You did great, Jack told Devin.

The boy's urine soaked shorts were around his ankles. Jack lifted Devin's feet out of the flip flops and wet shorts. Jack lifted Devin's t-shirt over his head. The beautiful boy was naked. Jack stripped off his own clothes and gathered up all of the urine soaked clothes from the ground. He carried the clothes with them and walked Devin over to the outdoor shower. Jack turned the shower on and dropped the wet clothes on the deck so that the water from the shower would rinse them.

Jack saw that Devin was crying and he pulled the naked, urine soaked boy against his own naked body. He lifted the boy's chin and saw his tear streaked face. Devin sobbed that he was so sorry. Really Jack...I didn't mean to pee on you.

Jack kissed Devin on the lips and then told him that he never wanted Devin to worry about this again. This is nothing. He told the boy that he could pee on him anytime he wanted. I love you and I want to help you get over this.

And Devin...Jack told him...he wanted the boy to keep drinking all the water that you can.

Devin looked at Jack with hope in his eyes. You aren't mad that I peed on you?

Jack grinned and hugged the boy and picked him up in his strong arms. He held the wet boy tight against him and kissed him again, this time with more passion. I love you Devin and I would do anything for you.

Iona and Liam watched from the door as Jack and Devin showered. Both of their faces were wet with tears.

Jack carried the boy into the shower stream and put him down. He picked up a bottle of body wash when Devin looked up at him. Devin asked Jack if he needed to pee. Jack told him that he did. Devin took hold of Jack's penis and asked him to pee. At first Devin pointed the stream out into the yard. Then while looking into Jack's brown eyes, Devin pointed the stream of urine at himself. He hosed down his own body with Jack's hot urine. Devin looked up at Jack as the urine dripped off his face. Devin told Jack that now they were even.

Devin and Jack took turns washing each other. As soon as they washed off, Jack scooped Devin up in his arms and carried Devin across the patio toward the pool. Jack tossed the cute boy in the deep end of the pool and then did a cannon ball right beside him. They both sputtered to the surface laughing.

Megan quickly stripped naked and dove in too. They all swam naked and enjoyed diving and brushing against each other's bodies. Devin swam upside down underwater with his face toward the surface of the pool. Devin's strong arms took another stroke that made his body glide through the water between his sisters legs. As he passed through her legs with his eyes open under water and he let his fingers stroke her labia as he swam through. His fingers caressed the small amount of pubic hair on her mons. His finger parted her labia and her felt her erect clitoris for the first time. As Devin slowed to caress his sister's sex, it caused him to naturally begin to rise to the surface. As Devin's body began to crave oxygen, he gripped his sister's thighs and pulled himself through her legs. Megan felt Devin's erection graze her labia. She shivered as she thought about the possibility of making love to the beautiful boy and having his immature penis buried deep in her core. Megan turned and pulled Devin into a tight hug and felt her little brother and his throbbing erection pressed against her. They swam and played for a long time until they were all tired.

Jack had Devin continue to drink and hold the urine as he had earlier. It got easier for Devin to hold it longer and much easier to stop the stream of urine when he was urinating.

Devin swam until he could not swim any more. He climbed out and sat on the side of the pool with his legs spread wide. His 12 year old boner was rock hard. Megan swam over and crossed her arms on the apron of the pool in front of Devin. Her index finger began to toy with the boy boner.

Jack watched as Megan lightly toyed with her little brother's erection. She told him Devin had a hot looking boner for a 12 year old. As she playfully toyed with Devin's boyhood, she began to wonder what it might be like to make love to her little brother. It would be awesome to take his virginity she thought as she imagined his hot little boyhood in her core.

Megan you are really sexy Devin told her as he combed her hair with his fingers. His fingers continued to go downward until he cupped her breasts in his hands. I used to try to sneak looks at you when you were dressing. I thought you were so sexy and I would have done anything to see you naked. I can't believe that I slept naked with you and Jack night. You two looked so hot making love this morning. Devin told her that it was awesome to watch Jack fill her with his huge boner.

Megan leaned forward and kissed the tiny rosebud that the tip of his foreskin made on his boy boner. She heard him as he gasped with pleasure at her intimate touch. Megan pulled the boy closer and began to explore his erection with her tongue. She slipped her tongue inside of Devin's foreskin. His small glans and corona tasted marvelous. It was so intimate having her tongue inside his foreskin.

Iona watched from the door and told Liam that one day Megan would take Devin's virginity and Jack will take Devin's man/boy virginity. Iona put her hands behind her back and felt the bulge in Liam's pants. She unzipped his pants and help his erection find its way out of the confines of his boxers. Liam hugged Iona and slipped his hands up under her shirt. His fingers found her naked breasts and played with the hard nipples as he watched as his daughter worshiped her little brother's erect member. Iona moaned as Liam's fingers found her nipples under her blouse.

Megan looked beautiful as she sucked her little brother. Her fingers roamed over his naked body. As Devin's pleasure intensified from Megan sucking his boy boner, Devin pinched her nipples harder. Megan developed a rhythm that pushed the boy toward climax and her little brother gasped for breath as the tension built in his loins.

Oh God Megan...I am getting that feeling.

She was holding his hips and felt them begin to buck as Devin cried out. His young body convulsed with pleasure and began to release clear boy semen in his sister's mouth. He felt guilty cumming in her mouth, but the pleasure she gave him would not let him stop.

When Megan started to pleasure her younger brother, Jack got out of the pool and knelt beside his 14 year old bride as she sucked her 12 year old brother. Megan and Devin heard Jack groan and they watched as he masturbated to a powerful climax. Jack squirted his hot semen all over Devin's body as he watched the young boy ejaculate in his sister's mouth. Megan smiled. She loved that Jack was turned on by watching her pleasure her little brother.

Iona led Liam to the living room and they quickly shed their clothes. Their passions were inflamed from watching their children pleasure each other. They shed all of their clothes on the way to the center of the living room floor. Liam lovingly leaned down and began to pleasure Iona with his tongue. He probed her sacred place and lapped her juices. Iona cried out and the juices flooded his mouth. He felt her body convulse and knew that Devin had his orgasm. Suddenly her vagina was flooded with her secretions. His licked

and sucked her juices. Liam licked and sucked her swollen clitoris until Iona begged him to enter her.

Liam rose to his knees and filled her with his 8" of uncut manhood. Liam needed to release his seed as bad as Iona needed his penetration. They were both soon gasping for breath as their orgasms simultaneously overwhelmed them. Their orgasms were powerful. Iona cried out as Liam pumped jet after jet of hot man seed in her aching womanhood.

In the after glow as Iona played with her husband's sperm covered penis, she looked at Liam. You know Devin will not be going back home with us, she told Liam.

Liam looked profoundly sad. He nodded yes as a tear ran down his cheek.

They haven't said anything yet, but they will. Iona told Liam just before they drifted off to sleep on the floor.

Jack dove in the pool. Amazingly his member was still fully erect. Megan swam over to Jack and hugged and kissed him. She wrapped her legs around him and slid his still erect member deep in her core. She stroked Jack's face and peered into his eyes and asked him if watching her suck Devin turned him on. He nodded yes and whispered that it excited him very much.

She told him how much she loved him and kissed him. She said she needed to go to the bath room. Jack lifted her off of his erection and kissed her. The two walked toward the pool steps. Jack grabbed the drug store bag and Megan saw that he had a pregnancy test. He led her to the grass and held the test stick between her legs and told her to let go. Her stream flowed down over the stick and Jack held it where they could both see the results. Devin came over and joined them. They all three watch until the positive sign appeared. Megan screamed and ran naked toward the house.

Both Liam and Iona started to stir from the noise outside. They were still startled when they heard the front door slam. The five of them were naked and their daughter was screaming and crying. She held out the test for her parents to see.

Momma you were right. I am pregnant.

That night they had a wonderful celebration.

Jack took Megan and Devin to bed. Jack stripped naked before he sat on the edge of the bed. Devin and Megan stood before him naked. Jack alternated between tasting Megan and then tasting Devin. Their sex tasted marvelous. He drew them into bed. Megan straddled his face with his tongue buried deep in her core. Jack felt Devin as he started licking his throbbing member.

Jack sucked on Megan sex swollen clit and felt her body vibrate just before it convulsed with a powerful orgasm. Her juices flowed freely and Jack lapped up every tasty drop. Devin just kept licking Jack's manhood and paid particular attention to the underside of Jack's erection. Jack felt his balls draw up into his body and as Megan continued to ride Jack's tongue, Jack's semen flew high in the air landing on Devin's face. Devin immediately took the tip of Jack's erupting member in his mouth and let blast after blast of hot semen land on his tongue.

Jack told Megan to kiss her brother. She reached around and pulled Devin to her. His cute face was covered with Jack's hot semen. She licked his face clean and then began to kiss Devin. The kiss turned passionate and she tasted her husband's semen on her 12 year old brother's tongue. Her juices started to flood again. She kissed and stroked Devin's naked body. It felt so good to have him in her arms. Megan felt Jack's tongue attacking her aching clitoris. Then he began to suck it and flick it with his tongue. Megan groaned as another orgasm washed over her body

She needed Jack's member deep inside her. She wondered what their baby would look like as she mounted his throbbing member. She rode his hard penis like it was a stallion. Jack began to lick Devin and suck his tiny nipples. Devin moaned and ran his fingers through Jack's sandy hair. Jack pulled Devin's torso toward his hungry mouth and tasted the tip of the boy's erection. It was so sweet. Jack probed the inside of Devin's foreskin until he had the young boy moaning and clawing the sheets with the intense pleasure that Jack was causing him. Devin could not control it. Devin's body began to shudder and his small muscular boy hips thrust forward just as Jack found his rosebud with his index finger. Devin's climax started just as Jack penetrated him with his finger. The intense feeling caused by being penetrated heightened Devin's climax.

Jack felt Megan's tight vagina and the sharp ridges inside as they tried to milk the semen from his body. The pleasure of her clit grinding against his pubis pushed Jack over the edge and his manhood exploded his thick creamy potent seed deep in his baby bride. It did not matter because his seed had already found her egg and their child was growing deep in Megan's core. That thought only intensified the pleasure of Jack's orgasm.

Jack held the beautiful brother and sister tightly against his body as the three drifted off to sleep.

The next morning they awoke and the bed and Devin were dry. They hugged and kissed each other excited about Devin's success.
