Designer's Baby Bride 4

As the time approached for Liam, Iona and Devin's departure for Ireland, Jack found Megan and Devin in the bedroom sobbing in each other's arms. Megan held the beautiful blond boy tight in her arms as she announced that she could not let her brother leave. Jack held both of them in his arms and dried their tears. He told them that they needed to talk with their mother and father. Nothing would make him happier than to have Devin stay.

That evening the five of them talked, then cried, and then talked some more. It was decided that Devin would stay. Devin was ecstatic.

The next day Iona and Megan went to lunch. When they came back, they began to hug and kiss. Then it turned sexual. They kissed passionately and began to undress each other. They soon left a trail of clothes that went toward the bedroom. They began to explore each other's sacred place and both of their juices were flowing. Megan turned and began to taste her mother's sex. She loved the taste. They licked and sucked until both of them were on the verge of a climax. They each took the other swollen clit and licked and sucked it until they were both in the throes of powerful orgasms.

Devin stood there and watched as his mother and sister made love. It was so beautiful and sexy that he dropped his jeans to the floor and began to masturbate. He climbed in bed with them and the three of them hugged.

That night was Megan's parents last night in New York. Her mother took her aside and told her about second sight. Megan listened patiently wondering why her mother was telling her all of this. Iona told Megan that she had second sight or the ability to see events before they happen. She explained that she discovered her power when she was

Megan's age. That made Megan's eyebrows go up. Iona went on to say that you will have it too. I know that because my mother and her mother had second sight.

Megan was shocked. She doubted that her mother could possibly know that...if second sight was even a real thing.

Iona then told Megan that it was close to being time for her to take her brother's virginity. Megan is to wait until the boy begins to produce creamy thick semen. That will happen in the next two months. When it does, the boy needs to abstain from sexual release for a week. You are to take his hot seed into your body and it will become one with you. He will obviously not impregnate you yet. You and Jack need to begin to stretch the boy so that he may receive Jack's man member. The beautiful boy will be dressed as a bride when Jack takes his virginity. It will be magnificent.

Devin will soon meet a boy. Their relationship will develop slowly and Devin and the boy will fall in love.

Mother and daughter made passionate love. They kissed as their fingers explored each other's steaming sex. Their passionate kisses led to amazing oral sex. They probed each other's vaginas deeply with their tongues sucking up the copious juices. They began to suck each other's swollen clit as their bodies experienced intense orgasms. They held each other's naked body until it was time to go.

After they took Megan's parents to the airport, Jack made some phone calls about schools for Devin. He found an excellent prep school in New York and made an appointment for an interview. Devin loved the school and was tested for admissions.

A week later the headmaster called and scheduled an appointment with Devin and Jack. They reviewed the test scores and the scores were phenomenal. Devin in most subjects tested at an 8th or 9th grade level and in science he was at a 10th grade level. All of his test scores were two or three grades above where he should be. The headmaster told Devin that they were delighted to have him. The headmaster asked Devin about interest in sports. Devin told him that he loved football.

The headmaster apologized and told Devin that they were a small school and did not have football. All they have is soccer. Jack and Devin had a good laugh and explained that in Ireland football is soccer.

The headmaster laughed and told them that soccer practice started next week. He took Devin down and introduced him to the Junior Varsity soccer coach. The coach asked Devin if he had a few minutes to work out with one of the other players.

Devin said that sounded great.

Coach Miller introduced Devin to Alexander a blond 10th grader. He asked Alexander to show Devin where to get changed. Coach tossed Alex his keys and told him to grab some shorts and a t-shirt from his office. He told Alex to find Devin a pair of shoes.

In a few minutes Alex found everything that Devin needed including socks.

Alex watched closely as Devin stripped. Devin was not wearing underwear and Alex's eyes went to the boy barely developed penis. Alex felt his member begin to lengthen but could not take his eyes away. This was the most beautiful boy that Alex had ever seen. Devin saw the beautiful boy staring at his penis and Devin started to become hard. Devin quickly pulled on the soccer shorts.

When he was dressed, the boys went outside to the practice field. Alex tossed up a hacky sack and the boys began to warm up. When the coach walked out he watched in amazement as the boys played with the hacky sack. Their coordinated play with the bean bag made it seem if the two practiced together all the time.

The coach thought that a session with Alex would be a good indication of how much talent the young boy had. He thought that Devin might have the potential to make a contribution to the team in a few years. Alex was the most talented player on the JV. He was a relentless goalie. There were very few teams that could score on him. The coach sent the boys out on the field and told Devin to try some shots on goal against Alex knowing that there was no chance that this young kid could score.

The coach was immediately impressed with Devin's ability to handle the ball. He then watched in amazement as Devin suckered Alex to the right and once Alex committed to defend that side of the goal, Devin deftly switched directions and burned the ball into the opposite corner of the goal. Alex could only shake his head and laugh.

Alex tossed the ball back to Devin and congratulated him while he mentally steeled himself so that he did not fall for one of this kid's feints again. Devin grinned and jogged to midfield. As he tossed the ball out, Devin began to visualize his assault on the net. He watched Alex's cat like movements as he defended the goal.

The coach was impressed to see that the young kid had the sense to turn away from the goal and regroup to figure out how to overcome Alex's amazing skills. The coach's jaw dropped as Devin dropped into a reverse overhead kick. Alex made the mistake of relaxing for a moment when Devin turned away and he never saw the assault coming until it was too late. The ball sailed easily into the corner of the net.

The next two assaults on the net Alex easily defended. Then Devin scored a third time. No one had ever scored 3 goals on Alex. And the coach saw nothing in Alex's play that he could critique. Devin had amazing natural skills. He told the boys to take 5 laps and hit the showers.

Alex questioned Devin as they ran about how he learned to play like that. Devin replied that he wasn't sure. I can watch it and some how know how to do it. Alex was still shaking his head as they headed for the shower.

Devin asked Alex if he thought there was any chance he could make the team.

Alex laughed as he put his arm around Devin and told him that he would be the team. Alex liked the feeling of having his arm around Devin's shoulder. He couldn't wait to see this boy naked again. Alex asked Devin how old he was.

Devin told him shyly that he was only 12.

Wow Alex told him. You play like a guy that is much older.

When the boys reached the locker room, they walked over to Alex's locker and Devin began to really study Alex. His hair was the color of sand with blond streaks. Devin looked into the deep pools of brown that were Alex's eyes. They showed all of his emotions. Alex had flawless smooth complexion and his shaggy hair cut framed his face perfectly. Devin guessed that Alex must be me about 5'9" tall. He watched as Alex pulled his sweaty t-shirt over his head. Devin was surprised to see that Alex's 15 year old arm pits had only a tiny amount of hair. As the tail of the shirt cleared Alex's abs and revealed his chest, Devin noted that Alex was totally lean. There was not an ounce of fat on the boy. Alex's ribs were visible and his pecs were beautifully developed. The nipples were light brown and about the size of a quarter. Devin watched as the nipples reacted to the cool air from the air conditioning. They stood straight up. Devin loved the way Alex's smooth silky hair flew around and settled back down as the shirt went over his head. Devin was hard as a rock.

Aren't you going to get undressed, Alex asked the younger boy? Alex was pleased to see that Devin could not take his eyes off of his body.

Devin used the toe of his shoe to strip off the other shoe as he continued to study Alex's sexy body. He noticed that the older boy had almost no body hair. He thought that was very sexy.

Devin pulled his own shirt off and Alex had the opportunity to once again study the 12 year old boy's body. Alex thought about how much fun it would be to run his hands over that smooth body. Alex had always been turned on by boy's bodies, but he had never really been attracted to younger boys...that is until now! This kid was awesome. He saw the boner bulge in Devin's shorts and he hoped he would stay hard so that he could study Devin's boy boner.

Devin stripped off his shirt and pants in rapid succession so that he stood before the older boy only wearing athletic socks. Alex could not get over how sexy this kid was. He thought Devin's boner was the cutest thing he had ever seen and he so wanted to suck Devin just like he sucked he friend Tommy last weekend.

Devin smiled as he watched Alex stare at his boner. He asked Alex if he was going to wear his shorts and socks in the shower. They both had a good laugh as Alex hopped around as he pulled off his socks. Alex slipped his finger in his shorts and slid them over his hips. Alex was naked except for a jock strap. Most guys wore compression shorts; Alex just liked the feel of the jock. From the look on Devin's face, Alex could see that Devin liked the look of it too.

Alex dropped the jock to the floor. While his penis had chubbed some, it was still mostly flaccid. Devin was surprised to see that Alex had a nicely developed sandy brown pubic bush. It seemed strange that he had so much pubic hair when he didn't even have hair on his legs. Devin could only think about how he wanted to be alone naked with this handsome boy and Alex was thinking precisely the same thing about Devin.

The boys walked to the shower. Devin didn't have a towel and that suited Alex just fine. The longer he could be naked with Devin the better. They stood in the shower room across from each other. Devin was mesmerized by Alex's member. It had to be 4 1/2" and it stood out as it nestled between the two large orbs contained in Alex's scrotum. The penis was uncircumcised. The foreskin covered the head of Alex's penis completely and formed a small "O" at the tip of the boy's member.

Alex loved how the younger boy's blue eyes danced over his flaccid penis. Alex wondered how he would get this magnificent boy alone and naked again. Little did Alex know, Devin was plotting the very same thing. The only difference was that Devin had been listening earlier to Jack talk to Bruce about joining them at the farm for the weekend so they could begin to plan the boy's wear photo shoot. Jack told Bruce to bring his camera so that they could do some test shots with a new model. Devin was going to ask Jack if Alex could join them at the farm.

The coach looked in and saw Devin staring at the older boy's penis and how Devin was fully erect. He saw that Alex was enjoying the attention. Coach Smith could not wait for the boys to leave so that he could take care of his own growing problem in his private shower.

Watching Devin was too much for Alex and he felt his boyhood begin to fill with blood. In moments Alex was fully erect.

Devin looked over and saw the fully erect member for the first time. He said nothing but thought to himself how much he would like to touch it.

The boys finished their showers reluctantly. The two boys quickly walked down the hall to the supply closet so that Alex could get the handsome 12 year old a towel. Both boys were still fully erect. They walked back toward the locker room with their towels in front of them trying to hide their boners from the coach.

The coach was in the hall watching and as they boys turned left into the locker room he saw that both boys had full erections. The coach imagined the older boy teaching the younger boy about sex and the coach had to hurry back to his own office because there was no way to hide his erection.

When they were back in the locker room both boys fumbled getting their clothes back on because they were so engrossed in studying each other's bodies. Devin finally broke the silence and told Alexander how much fun he had.

Alex told Devin that he had fun too. He explained that he was not used to play other boys that have the skills that Devin does.

Devin grinned and said thanks. Uhhhh...we had planned to go to the farm tomorrow for the weekend. You wouldn't want to go and practice more would you?

Alex looked at Devin and asked if they would be spending the night there.

Devin nodded afraid that the older boy would have better things to do.

That sounds cool, Alex told Devin. I'd have to check with mom but I think it sounds like fun.

Devin told him that he needed to check with Jack and he would be right back. Devin tore down the hall half dressed and tugged on clothes as he went. He ran out into the hall and found Jack waiting for him. Jack hugged Devin and told him he did well.

Uhhh...Jack....Uhhhh...is there....uhhhh...anyway...uuuuhhhh...that Alex could go to the farm with us.

Jack grinned at the boy and said sure. It would be nice for you to have a friend there.

Devin gave Jack a hug and ran back to Alex with the news.

Alex grinned and said he would check with his mom and let Devin know. Devin and Alex yelled down the hall good bye to the coach. The coach had been in the shower for a few minutes and was stroking his throbbing member. When he heard the sounds of their voices it was enough to push him over the edge. Coach Smith sprayed the tile wall with jet after jet of his hot semen as he groaned in pleasure. The coach was panting after the powerful release of seed.

When the boys walked out in the hallway, Jack stood there waiting for them. Jack introduced himself to Alex. Alex's eyes lit up as he made the connection that Jack was the famous fashion designer. Alex looked at Devin with a slightly puzzled look.

Devin explained that Jack was married to his sister. My parents live in Ireland. I am going to be living here with Jack and Megan.

Jack offered Alex a ride home. Alex told Jack that he lived at 72nd and Central Park West. They stopped in front of the famous building where John Lennon had once lived. Alex asked them to come up while he asked his mom about going to the farm.

They rode the tiny elevator up to the foyer of Alex's unit. Alex yelled for his mom and found that she was in the kitchen. Even Jack was impressed. The place was huge with incredibly high ceilings.

Alex introduced Jack and Devin to his mother. He asked her about going to the farm with Devin. She told him that sounded fine as long as it wasn't an imposition on the Kingmans.

Jack assured her that it would be great for Devin to have a friend.

Devin and Alex raced down the hall so that they could trade email and cell phone information. Alex asked Devin what he should bring and Devin told him the usual stuff plus they would be swimming in the pool and riding jet skis.

Devin looked around to make sure nobody was listening and told Alex that they swam naked a lot at the farm if that was okay with him. Alex's brown eyes danced with excitement at the news and his eyes weren't the only thing to react. Both boys felt their penises become erect....again!

Jack told Alex's mother Nancy that Devin just moved to the US from Ireland and he didn't have friends yet. He explained how the boys met during soccer try out for Devin.

Nancy laughed and told Jack that she hoped that Devin scored on Alex. That might help keep his ego in check.

Jack laughed and said that Devin did score on him...3 times. Jack told Nancy that they want to go to the farm and practice.

Nancy laughed and said that was wonderful.

Jack yelled for Devin and told him that they needed to get going.

Devin and Alex were coming back down the hall and she noticed that both boys had pronounced bulges in their pants. Nancy worried about that situation. She had found that Alex had been surfing www.nifty.org and gay blog sites. She decided that Alex must be masturbating 3 or 4 times a day because every time she went in his room she found a tissue full of fresh semen. Nancy assumed that Alex was either gay or bisexual.

Nancy asked Jack how old Devin was as the boys walked toward them.

Jack told her that Devin was 12. Nancy hoped that Alex's strong sex drive wasn't going to be a problem with the younger boy. She worried that Alex would try to molest the younger boy.

Jack observed that both boys were fully erect. Jack put his hand on Alex's shoulder and told Alex he would pick him up in the morning. They pick him up about 10 am and drive to the farm.

As they rode down in the elevator, Jack reflected on how the boys were acting and there was no question in his mind that their unusual behavior involved sex in some way.

When they got home Devin followed Jack into their penthouse. When Jack looked at him he could see that something was troubled Devin.

He walked over and kissed the top of Devin's head and he inhaled the wonderful scent of teen boy. He hugged Devin and asked him what was wrong.

Devin looked up at Jack with a how did you know look on his face.

Jack grinned at Devin and told him he had been through a lot with him in a short period of time and could begin to tell when something was wrong. They went over and sat on the couch together.

I didn't think about my problem, Devin told Jack.

Jack said it hasn't been a problem lately.

Devin told Jack that he was still worried.

Jack told him that he did a little research and found a special type of disposable boxers that look like regular boxers. Would you want to try those?

Uhhhhh....well...that might help...but what if we were...you know...ahhh...you know...I mean like we were...uhhhh...sleeping...naked.

Jack said that he saw how that could be a problem. Well there is not much you can do other than either take the risk or tell him.

Devin looked at Jack and said he didn't want to tell him.

Jack nodded and he truly understood the fear that Devin had. It will be okay, he told Devin as he put his arm around him. Naked...huh...sounds interesting, Jack told the hot preteen.

Devin blushed...well it could happen.

Jack hugged Devin again and kissed the top of his head. He just could not get enough of the musky boy scent. Jack observed to Devin that Alex is pretty hot.

Devin looked at Jack and told him how hot Alex's body was.

The next morning, Alex and Nancy were waiting downstairs for the Kingmans to arrive. Alex was wearing a t-shirt, soccer shorts that had a huge bulge in the front and leather flip flops. Jack was sure that the boy wore no underwear.

Jack introduced Nancy and Alex to Megan.

Nancy said nothing, but was astounded at how young Megan appeared to be.

The boys piled in the back of the BMW SUV and they were off. The boys played computer games most of the way. Jack glanced in the rear view mirror and saw that Devin had scooted over beside Alex and was leaning over his shoulder watching him play his game. Jack could see that their naked legs were touching. As they got close to the farm, Jack asked Alex if Devin talked to him about swimming.

Alex with out hesitation looked into the rear view mirror at Jack and asked him if he meant about swimming naked.

Jack nodded. Are you okay with that because we don't have to do that?

Alex asked if Jack was kidding. Alex told Jack that skinny dipping sounded really cool.

They were only at the farm for a few moments, when the boys said they were headed to the pool. Jack watched how they ran to the pool and left a trail of clothes in the yard behind them. They were both naked by the time they reached the pool. The boys just dove in. Jack just shook his head and adjusted the growing bulge in his pants.

About that time Bruce pulled up. Jack waited to greet him and told his friend the world class photographer told Bruce to grab his camera.

Jack introduced Bruce to Devin. He reached down his hand and pulled Devin out of the swimming pool. Bruce's jaw dropped as he realized that the boy was stark naked. Bruce just stared at the beautiful uncut 12 year old erection. The kid was gorgeous. Bruce's felt his erection fill his boxers. Then Jack pulled Alex out of the pool. The 15 year old boy stood in front of Bruce. Alex's 15 year old member throbbed with each beat of his heart.

Bruce being gay and a photo artist was in awe of the naked beauty of both boys. While Bruce had never been attracted to boys, this situation could change that. He watched both boys dive back into the pool. Their sleek bodies knifed through the blue water. As Devin and Alexander swam underwater toward the other end of the pool, Bruce began to

take pictures. He captured their lithe bodies as they broke water at the other end of the pool. He was using a very fast lens and was sure that it would capture the drops of water in midair.

The boys quickly climbed out of the pool and with some jovial taunting about who was the fastest they turned toward Bruce's camera and he caught them in midair as they dove in the pool. Both boys' erections were unmistakable.

The laughing and yelling attracted the horses in the pasture next to the house. Jack's three black stallions came over to the fence and neighed to get attention. As the boys broke water this time they were faced toward the pasture. When Alex saw the horses he shouted with delight. He turned and levered his lean muscular body out of the pool and lent a hand to Devin. Once both boys were out of the pool, Alexander took off at a dead run for the horses.

Jack's personal horse King leaned over the fence and did not seem to be put off by the boy running toward him. Alex knew just how to rub King's muzzle. He was clearly very comfortable around horses. Alex climbed up on the white clapboard fence. Jack was about to warn Alex that King was very spirited when the boy began to make clicking sounds in his cheek. Jack was unsure of why the horse responded but King move around and present his flank to the naked boys on the fence.

Alex hesitated only a moment and leapt on to the back of the large stallion. He gripped King's flanks tightly with his knees. Through a combination of knees and his bare heels, Alexander signaled the stallion how he wanted him to respond. The boy lightly held the horse's mane and dug his heels into the flanks while pulling on the mane. The boy and horse galloped around the pasture as if they were one. As they approached the fence, Alex signaled the horse to rear up on his hind legs as Alex waved to Devin. Alex rode across the pasture to a tree and dismounted. Alex hugged the horse's nose against his wet naked body. Soon the other two horses surrounded the boy and nuzzled him.

Bruce snapped some spectacular photos of the boy and the horses. The boy made the clicking sound and King began to walk away from him. Alex did a beautiful jump as if he were in a gymnastics vault competition. Alex's hands were on the horse's rump and the momentum was enough to carry the naked and erect boy onto the back of King. Jack was astounded as he watched the boy gallop around the pasture much of the time hands free. Alex leaned down and hugged King and as he sat up, hot semen began to jet from his erection. The look on Alex's face was one of pure bliss. He rode around for a few minutes in the afterglow. Alexander rode over to the fence. The black horse was covered with creamy ropes of boy semen.

Alex looked at Jack and told him he was sorry. He explained that he didn't mean to cum all over the horse...it just...you know...felt so good. Jack could only nod.

Alex put his hand out for Devin and Devin scrambled onto the beautiful stallion. Bruce continually snapped images particularly when the boys were riding double. Devin did

not have Alex's confidence and as a result their naked bodies were pressed together. Devin's hands were clasped around Alex and his fingers were in Alex's semen soaked pubic hair. As they rode, each jolt as the horse cantered caused Devin's erection to rub against Alex's naked body.

After a few minutes, Devin threw his head back and cried out with the pleasure of orgasm. His fingers clasped Alex's erection as his semen exploded from the tip of his boy boner. He ground his erection against the back of his new friend and his clear semen covered Alex's strong back.

The boys rode over to the fence where Megan waited with some apples for the horses. She had seen her little brother climax all over his friend. The juices in her loins were flowing and she needed to feel Jack's member deep inside her.

She handed the apples to the boys and could not take her eyes off their naked bodies. The boys looked spectacular. Megan could see the runny clear semen from her brother's ejaculation all over the back of Alexander.

As the boys dismounted, it was apparent that even though they had both just had a powerful orgasm, they were both erect again. They climbed the fence and Alex blushed as he saw that Megan was standing very close to the fence. His erection was almost in her face.

Megan smiled at him and handed him a couple of apples. She then gave some to Devin. The boys fed the horses and then turned back toward the pool. Megan wrapped her arms around the naked boys gently resting a hand on each boy's shoulder as they walked toward the pool.

Megan felt it immediately. She had no idea of what her mother was talking about when she tried to explain her second sight. Her mother told her about it almost as a warning. Megan thought it was Irish blarney. That was until now...

The boys felt something too because they both turned to her. Megan kissed each boy tenderly on the forehead. Her small hands went out instinctively and each hand cupped the scrotum and organ of both beautiful boys.

The moment her hands touched the naked skin of both boys was like having an electric current passed through her body. Then, even though she fought it, a powerful vision appeared in her mind's eye. She saw Devin and Alexander standing naked in the guest room across from the master bedroom. She watched them fall into each other's arms and their passionate kiss. She then witnessed the next two hours of sexual passion and the boy's finally drifting off to sleep in each other's arms.

More amazing was the fact that she experienced each of their orgasms as if she was having them. She could feel the tension building in her loins and the throbbing of her penis. She felt the boys slip over the edge into powerful orgasms and felt the sperm race

from deep inside her body and up through her penis. She felt the uncontrollable need to thrust during the orgasms. Then it all passed.

Megan looked down expecting to see that she had a penis. It was then that she realized what the second sight was all about. Megan felt the juices flood from her vagina and on down her legs. She looked up at the boys and saw them waiting expectantly for her to say something.

She told the boys that they were magnificent as her finger tips lightly glided up their scrotums. Her fingers continued to travel up their erections until she held the glans of each boy's penis in her fingers.

She looked from boy to boy. She told them that they needed some private time. She kissed each boy on the cheek and turned toward Jack.

Jack followed along closely and watched Megan. His eyes could not believe what they saw. This shy girl was cupping the boys' members. It was as if she drifted off for a moment. He saw her shudder and then smile.

As the boys walked toward the house still half in shock, Megan took Jack into her arms and explained what happened and what it felt like to have those orgasms.

Jack looked disappointed.

Her finger stroked his face and asked what was wrong.

Well I'd hoped that we could...

Oh...Jack...It only made me need you more...right now!

Megan was wearing a light cotton wrap around dress. In one motion she untied it and let it slide from her shoulders to the ground. She watched as Jack stepped out of his shoes and let his Khaki pants fall to the ground. Megan held her arms out for Jack to take her. Jack lifted Megan as if she were light as a feather.

Bruce had captured images of Megan holding the boys intimately and now photographed the gorgeous 14 year old with her husband.

The boys had stopped instinctively on the way to the house. They simultaneously turned back toward Megan still not quite believing what just happened. They watched in awe as she stripped naked and watched as Jack in one motion impaled Megan on his throbbing erection. Her vagina was so full of her juices that they squirted out around Jack's erection as he entered her. Bruce hoped the camera was fast enough to catch her juices as they sprayed out. He turned and photographed the naked boys as they watched Megan and Jack. God they were so beautiful.

The boys stood and stroked their members as they watched Jack and his baby bride make love. Alex asked Devin if he had ever seen anything like it. Devin only nodded yes. Alex's jaw dropped in surprise. The boys turned back in response to Megan's cry.

Megan cried out. Oh god Jack...fuck me harder and faster...I need your hot seed. Jack felt her hard clit rubbing along his throbbing shaft. He pounded his hard cock into her again and again as the two fought desperately for much needed release. Bruce captured the beauty of Megan bliss. It looked as if Jack's 7 1/2" member might split the young girl in half.

Megan cried out in orgasm as her body shuddered again and again with a powerful climax. Jack felt the hot juices flow from her core moments before his manhood erupted in to her. He thrust again and again until he had filled her to the brim with his hot seed.

Devin tugged Alex away and told him they could watch Jack and Megan later. Alex looked surprised at his friend's comment. They missed Jack as he placed Megan on a lounge chair and dropped to his knees in front of her. He lifted her shapely legs over his shoulders and began to suck their combined juices from her core. He took her swollen clit between his lips and sucked it until he had her begging for mercy. He kissed her passionately and mounted her again with his still raging erection.

As the boys reached the guest room, Alex trembled with excitement. This whole day was beyond his wildest imagination. And now he was standing here naked with the most beautiful blond 12 year old he had ever seen. He timidly took Devin's boy member in his fingers as he stared into Devin's deep blue eyes.

Bruce finished photographing Jack and Megan and he went upstairs in search of the two spectacular naked boys. Jack arrived in time to capture Alex's first tentative touch of Devin's throbbing boy boner.

Alexander asked Devin if it was okay to touch him. Devin said nothing and fell into the older boy's arms and whispered to Alex to hold him. The boys were oblivious to Jack and his camera. Their raw need to explore each other sexually overcame all obstacles and issues.

They stood there for what seemed like an eternity as they held each other tight. Each could feel the other's scorching hot erection as it throbbed against their bodies. Their fingers tips explored their partner's back and hips. Alex whispered to Devin just how awesome he thought this was.

Devin wrapped his arms around Alexander's neck. He leaned back and looked up into the taller boy's deep brown eyes. Devin closed his eyes and leaned up and kissed Alex's sexy lips. As he did his boy penis ground against Alex and his body shook with a dry orgasm. Bruce captured the kiss and resulting orgasm.

Alex felt Devin's body shudder with the pleasure of his orgasm. He kissed the 12 year old until he felt the shudders of Devin's climax pass. He took Devin by the hand and led him to the huge king size bed. More than anything right now he just wanted to feel Devin's sexy body against his own while they made out.

They stretched out on the bed with Alex's muscular body above Devin. Alexander began to passionately kiss Devin. The sensations that ran through his 15 year old penis as it rubbed against the tight abs of the gorgeous naked 12 year old were almost too much for him. Alex just wanted to taste this boy and wondered if he would freak Devin out by parting his lips. Alex needed to take the chance and his opened his mouth as he kissed Devin.

Devin was nervous because he wasn't sure exactly what to do. He parted his lips and felt the tip of Alexander's tongue penetrate his mouth. The boys made out for 20 minutes while they kissed and stroked each other. Alex shifted his body around as his need for release built. His erection left a trail of precum all over Devin as it leaked continuously.

Devin ran his fingers through Alex's shaggy sandy blond hair. Alex moaned as Devin shifted around under him. Alex felt Devin thrust his boyhood against Alex's abs. Devin groaned as his body ached again for an orgasm. Devin took hold of Alex's hips and increased the friction as he thrust his boy boner against the naked abs of the older boy.

Alex had been hanging on the verge of a powerful orgasm for over 20 minutes. With his foreskin fully retracted, each nerve ending in his erection was on fire. The slightest contact with the rim of his corona was exquisitely pleasurable and caused Alex to gasp for breath.

Their erections were side by side. Devin cried out his pleasure to Alex as he pulled the older boy into a most intimate kiss. Alex felt Devin grind his boy boner against him and the friction was too much for Alex. Alex's felt the tension build in his loins to the breaking point. He desperately needed release. His seed filled orbs ached from too much seed.

Devin cried out as he went over the edge. His boy boner rapidly thrust against Alex again and again. Alex's body arched as he pushed up on his arms to increase friction. It also gave him a wonderful view of the naked 12 year old boy beneath him as the younger boy was in full orgasm. Bruce's camera was on auto capturing frame after frame of their passionate mating.

The grinding pushed Alex over the edge into the most powerful orgasm of his young life. Hot semen flooded through his aching member and exploded from the tip as it rubbed against the naked boy. Alex watched in amazement as the first huge jet of hot semen seemed to fly end over end in slow motion before it splattered across Devin's face. It was the sexiest thing that Alex had ever seen. It intensified his orgasm and felt like he was going to ejaculate a testicle as rope after rope of hot semen covered his young lover.

Devin opened his mouth to speak. A large dollop of hot semen leaked into his mouth. Devin looked a little surprised. Then his tongue snaked out for more of Alex's steaming hot essence.

The sexy young blond boy looked at Alex with his piercing blue eyes and told him how good he tasted...a little salty...but I liked it. Alex hugged the younger boy fiercely and then kissed him passionately.

Alex told Devin that he thought he was the sexiest thing he had ever seen and he just wanted to eat him up. With that Alex began to lick his now runny semen off of Devin's face and chest. Devin had his arm cocked over his head exposing his cute little arm pit. Alex lapped the hairless armpit and loved the taste of young boy. He worked his way down Devin to the small puddle of semen in his small belly button and the boy giggled and clutched at Alex's hair. There was a tiny bit of semen on Devin's pubis that Alex licked up. His tongue toyed with the few white blond pubic hairs before finding the base of the boy boner.

Devin gasped as he felt the powerful sensations from having his boy boner worshiped by the older boy's tongue. The sensations were unbelievable. Devin felt his entire penis being engulfed by Alex's hungry mouth.

Bruce put his camera down and stripped off his t-shirt and cargo shorts. His boxers and shorts were soaked with precum. His hand wrapped around his 6" erection and he stroked it furiously with his left hand while he grabbed the camera with his right hand. Some how it made it sexier to watch the boys through the viewfinder.

Devin turned around and ran his fingers through Alex's shaggy blond hair as he watched the older boy make love to his stiff young member. He watched as Alex's head bobbed up and down and the electric jolts of pleasure traveled from his erection through his body. Devin felt himself begin to get the tension in his loins and he wanted to make this last longer. He pulled Alex's head up and kissed him deeply knowing that he tasted his own penis on Alex's tongue. He played with Alex's erect nipple as he whispered in his cute Irish brogue that he wanted to suck Alex.

Devin maneuvered around until he had Alex's stiff young man member in his hand. Devin loved how thick it was and how it throbbed in his small hand. He loved the thick rich sandy patch of pubic hair that he ran his fingers through. His index finger toyed with the clear drop of precum that was leaking from Alex's throbbing erection. Devin fully retracted the older boy's foreskin and spread the precum over Alex's glans and corona. He loved the way it made it feel slippery.

Jack managed to zoom in and capture the beauty of Alex's erection as it began to continuously leak clear precum.

Devin rubbing the slick precum over his glans only made another huge drop of precum appear on the tip of Alex's penis. This time Devin scooped it up with his finger. He looked at it a moment and then licked off.

He looked back at Alex and told him that mmmmmmm...it tasted good. Devin then bent his blond head and began to suck the older boy's member. He loved the taste. His teeth grazed Alex's corona. Alex explained how to suck. Devin loved sucking the older boy's erection. Alex produced a large volume of precum and Devin could taste it as it flooded into his mouth.

Alex was astounded. He thought there was a chance they could jack off together and if he was really lucky he might get to suck this beautiful boy. He never thought it was possible that the boy would enjoy sucking his member. Alex leaned down and sucked on the boy boner. They both felt the feelings grow stronger as their heads bobbed up and down on each other. Each boy felt the tension in their loins that signaled an impending orgasm. As much as they both wanted to make it last, the intensity of this sexual coupling was too great. The waves of pleasure crested and the boys' orgasms started at precisely the same moment. Bruce managed to capture the precise moment that ultimate bliss began. It was also at that moment that a huge jet of man semen ejaculated from Bruce's aching testicles. The hot semen flew six feet and covered both naked boys when it landed.

Alex felt the young boy boner and Devin's pubis slam against his lips. Devin arched his back trying to release his seed but his young body had already ejaculated its limit for the day. The intense pleasure of the dry orgasm took the young boy into another world filled with the most intense pleasure imaginable. Feeling the older boy's hands on his small muscular hips only intensified the sensations.

Devin was startled as Alex member thrust forward and went deep in his throat. He felt the older boy's hot seed go down his throat.

Alex's felt a powerful orgasm overwhelm his body. He ached for release and his penis thrust forward and buried deep in Devin's throat. Devin's throat muscles milked the semen from Alex's sacred orbs. Alex fucked the young boy's face over and over. Devin pulled off and gagged as the thick hot creamy boy semen gushed down his throat. Alex's penis continued its eruption and sprayed his essence all over the boy's flawless face and his white blond hair. Bruce captures every beautiful moment.

When Devin quit coughing, he apologized to Alex for ruining the moment.

Alex took the young boy in his arms and hugged him close. Alex whispered that it was the most awesome thing ever. They kissed passionately and then lay there in the after glow lightly stroking each other until they drifted off to sleep.
