Kitty sits alone in the apartment on the top level of the Otaku Studios. She sits in front of a computer screen, in the master bedroom of the apartment, long red hair pulled back with her dark brown roots clearly showing. Dressed in an over-sized t-shirt and a pair of pajama pants, she sits back and chats with random people on E-Messenger while playing video games. Every couple of minute she looks over at the clock nervously as though waiting for something. *Damn it, I hate it when he works late. His shoot should have been over hours ago.* Bored with the game she closes it out and starts chatting with more people on E-Messenger. Ignoring the typical males, the ones that all they want is to see her tits so they can get themselves off. She talks with a couple of guys who actually want to talk, and a couple of girls that she thinks are hot. Feeling a little bit bored, she opens up her cam, showing her face to those that she is talking with.

Meanwhile, upstairs Daniel works on the computer in the studio. Trying to concentrate on organizing the pictures from the shoot with Mimi, but all they were doing is bringing up memories of what happened. Frustrated he opens E-Messenger under one of his names he uses for sex rooms. He starts to cruise his normal chat rooms, when he comes across Kitty. Feeling kind of playful he messages her.

DarkOtaku: Hey!

PlayfulKitty: Hi

DarkOtaku: How are you doing tonight kitty?

PlayfulKitty: I am doing good. How do you know my name?

DarkOtaku: Well it is in your screen name.

PlayfulKitty: Oh Yeah. I forgot about that most people ask anyway.

DarkOtaku: So what is such a young thing like you doing tonight?

PlayfulKitty: How do you know I am pretty you haven't seen me before. And waiting for my B/F.

DarkOtaku: I am just guessing on the pretty part, and why are you waiting on him, did he stand you up or something?

PlayfulKitty: Not really he is just working late and I am kind of in the mood.

DarkOtaku: Ah, I am sorry can I help? ***nibbles on her neck***

PlayfulKitty: ***moans*** Are you trying to seduce me?

DarkOtaku: Only a little ***rubs hands over her belly***

PlayfulKitty: ***Squirms***

Opening her web-cam Daniel watches the image of his girlfriend, on the screen as he keeps pretending to be a stranger on the messenger, grinning to himself.

DarkOtaku: ***pulls up her shirt and massages her breast*** Let me see your sexy breasts

PlayfulKitty: ***moans*** You have to earn that. Keep trying mister.

DarkOtaku: ***takes her breast into his mouth and sucks on her nipples***

PlayfulKitty: *moans loudly* I wish I had someone to do that for real
DarkOtaku: BRB

Grinning evilly Daniel gets up and goes to the back stairs of the studio. As quietly as he can he moves upstairs and into their apartment. Silently he sneaks up behind Kitty.

Kitty sits watching the computer waiting for the mysterious guy to return, completely unaware of Daniel sneaking up on her.

Wrapping his arms around her from behind the computer chair, He leans down and starts nibbling on her neck, biting into it gently.

Startled she looks up at him.

He kisses her deeply sliding his tongue into her mouth. "So I run a little late and you decide to start without me?"

She pulls him in for another kiss. "I didn't start without you baby, I just was warming up."

Sitting in her lap facing her, he kisses her deeply breaking the kiss occasionally to bite her neck. He reaches up her shirt he starts massaging her breast.

Moaning softly, she bites his lower lip. Pulling open the shirt that he is wearing, she runs her hands along her chest. She runs her hands over his back, as she pulls the shirt from his shoulders and throwing it to the ground. She nibbles on his neck as she pulls him close to herself.

She moans softly as he kisses her shoulders. Running his hands up her sides sliding them under her shirt, he pushes her shirt up. He runs his hands over her breasts squeezing and fondling them. Pulling away from her mouth he pulls her shirt over her head, and throws it in a corner.

She starts to complain just as her takes her breast into his mouth. As he sucks on her nipple, she stops mid-word throwing her head back moaning loudly. As he playfully sucks and nibbles on her breast and nipples, she moans loudly running her fingers though his hair.

Lifting her butt up, he pulls off her pajama pants, leaving her in just her panties as he sucks on her breasts. Moving up and he returns to biting her neck, fondling her breasts as she squirms under his grasp. Kissing slowly down her body, he reaches her breasts and kisses around her nipples. Sucking on the nipples themselves, he slides his hand in between her legs.

Moaning loudly she squirms under his touch, trying to escape, but making herself hotter at the same time.

Sucking on her nipples, he rubs her clit though panties. Feeling how wet she is, he starts slowly kissing down her body, stopping at her belly button. Slowly kissing around her belly, he nibbles on the edges of her belly button. Moving down farther, kneeling on the floor in front of her.

Kissing his way from her belly down, he makes his way to her pussy. Pulling her crouch into his face he nibbles on her pussy and her clit though her panties.

Moaning loudly, she throws her back and starts playing with her tits.

Glancing over at the computer screen, he looks at all the cam requests and messages asking for more. He moves up, biting her neck as he continues to rub her clit. "Baby, our audience wants more should we give them what they want?"

Moaning she pulls his head into her neck. "Oh god baby, do what you want I just want you inside of me." Standing up she removes her panties, moaning as she slides a finger into herself.

Pulling off his pants and sitting in the chair, he quickly accepts all the cam requests and sets the cam to permit all.

Growling as she sits on him, guiding his dick into he pussy so the camera can see. "Your dick is mine now, baby"

Gently at first he thrusts into her from below, picking up the pace they get into a rhythm. Reaching around her, he starts fondling her breasts.

Screaming and moaning for more, she rides his dick. Turning around to face him, she shoves her breasts into his face.

Taking the hint he takes both breasts in his hands, fondling them as he sucks on her nipples. Biting into her neck he thrusts into her as hard as he can.

As Kitty screams in the Daniels ear, her cum drips down his cock.

Wrapping his arms around her, he grabs her by the ass picking her up slamming her onto his cock.

Moaning and screaming she wraps her arms around him for support, biting into his neck to keep herself quiet.

Feeling her bite into his neck, he slams into her one last time, filling her with his cum.

Both exhausted they lean back in the chair, and kiss gently. Oblivious to time they sit like that, as he goes soft inside of her. Looking over at the computer screen they notice all the messages, and that they had almost a hundred viewers. Closing out of the web-cam, and they save the messages so they can read them later.

Kitty leans in and kisses Daniel deeply. "That was awesome, babe, we need to do that more often, but for now I am tired."

Getting up from the chair Daniel walks to the bathroom. "Yes it was baby, I'm tired too, but I have to clean up, you go to bed. I will be in shortly."

Slowly Kitty gets up and crawls into bed thinking to herself. *I want more, but as it is I am going to be sore for a week.* Quietly she replays everything back in her mind, as she waits for him to join her and either to fuck her senseless again or to hold her as they sleep, either perfect as far as she is concerned.

Turning on the shower, Daniel starts cleaning himself off, thinking of what happened with both Mimi and Kitty, today. *My god in one day I have had sex with the two hottest women on the face of the earth. I hate knowing that I cheated on Kitty, but at the same time I would fuck Mimi again in a heartbeat. Now only if I could get them both into bed.* Getting out of the shower he dries himself off, walking back into the bedroom. Crawling into bed, he smiles to himself seeing Kitty already asleep. *Well there goes round two.* Sliding an arm underneath her, he wraps his arms around the sleeping Kitty, as she cuddles into him in her sleep. Closing his eyes he falls asleep with Kitty cuddled against his chest. *Well what else could happen? I guess time will tell.*
