Bisexual Young Friends bb bg Wb Mb

In chapter 1 all of the boys between 11 and 15 on Boner Island were injected with a drug that stops the development of secondary sexual characteristics. The older boys began to lose their body hair (under arm, pubic hair, leg hair, and facial hair) along with not being able to produce semen almost immediately after the injection. The boys' bodies developed normally with the exception of their penises and testicles. They grew to be about 25% larger than normal. By 14, the boys had developed man size penises. The drug tended to make the boys less aggressive and more matter of fact about nudity and their sexual needs.

The big change was the boys' penises were ultra sensitive and many of the boys had orgasms on the bus ride home from school in front of their classmates just from the movement and bouncing of the bus. Other boys had such an intense need for release; they openly masturbated on the bus. As the effects of NuChas increased the boys were expected to have 8 to 10 orgasms a day.

In chapter 1 the drug was beginning to take effect. Some of the older boys who masturbated several times in the afternoon were already having dry orgasm. As we start Chapter 2, the drug was raging through the boys' bodies. They were having powerful and frequent orgasms.

The girl's attitudes were changing rapidly. Boner Island was very small and it was hard for girls to be on birth control without everyone on the island knowing about it. Most of the girls were virgins because they were afraid of pregnancy. NuChas was quickly changing their views about remaining chaste.

In chapter 3 Josh and Nancy, the two doctors that work for NuChas, jogged down the beach where they started making passionate love while swimming naked in the ocean. They soon discovered they were not alone. There were 6 boys that they had injected with NuChas that afternoon that were making love on the beach. The sight of the boys is very stimulating for Josh while he is making love to Nancy. I hope you enjoy chapter 3.

As always, if you are not supposed to be reading this story...then please don't...please practice safe sex. This story is a total fantasy. Thanks to everyone who has taken the time to write me. Your encouragement, ideas, fantasies and personal experiences are very much appreciated. Your thoughts and ideas are always welcome at mack1137@gmail.com.

Please let me know what you like to read about and what turns you on. If you are curious about my background and/or would like to share your thoughts and ideas on erotic story telling in a more public forum, please visit <http://mack1137.sensualwriter.com> .

Boner Island 3

Josh and Nancy, two of the doctors that worked for NuChas on the clinical trial, jogged along the beach after a day of injecting the boys at school with NuChas. They had decided that this was a good time to get away from their cell phones for a while. The phones had rung continuously all afternoon. People were shocked at the physical reactions of the boys. When the reports of spontaneous orgasms and other sex play on the buses started coming in, Josh and Nancy literally decided to run for it.

They jogged on the hard packed sand for about two miles when they reached a completely undeveloped stretch of beach. They were both hot and ready for a swim. They stripped each other naked and soon Nancy was leading Josh toward the surf holding on to his throbbing erection.

The pounding of the surf drowned out the sound of the school bus making its last stop. Six boys rode the bus to the turn around. The bus and the boys that ran off it were hidden by the dunes from Josh and Nancy. As the boys ran through the dunes, they stripped their clothes off. The boys were neighbors and close friends that spent a lot of time skinny together dipping normally. Jon and Adam, the two 15 year olds, were the first through the dunes and Jon was only wearing boxer briefs that were soaked with semen.

Adam looked at his friend's semen soaked underwear and asked him when he shot his load.

Jon blushed and told his friend that when the bus hit the speed bump on their street it was enough to send him over the edge. He hoped that nobody noticed.

Dude it didn't matter by then a whole bunch of guys shot off in their pants or just dropped their pants and jacked off, Adam told him.

How did you keep from doing anything? Jon asked his blond friend.

Adam flipped his long blond hair up out of his eyes with a shake of his head and laughed. Yeah...well there's a story. My balls were boiling when the final bell went off and I literally ran to the bathroom and started pulling off a load in the urinal. I was so hard and my balls literally ached for release. While I was pulling my boner, Coach Smith walked in to take a leak.

No way! Jon said.

Yeah he came in and there I was pulling on my cock as hard and fast as I could. I was ready to gasm right when he walked in and I couldn't have stopped jacking if he pointed a gun at me. The coach stood in front of the urinal next to mine and pulled his cock out to pee. I told him I was sorry, but I needed to cum real bad and kept stroking. I looked over and saw that he was rock hard and stroking himself. That was enough and I told him I was gonna cum. I groaned real loud and then squirted my cum in the urinal while he watched me. I couldn't believe that he was stroking super fast and moments after I shot off the coach came too. He kept shooting big ropes of cum all over the urinal.

Jon dropped to his knees in the soft warm sand in front of Adam. Adam looked so sexy standing there naked and hard. Jon pulled Adam's shaft down and began to nurse on the tip of his friend's erection. Jon loved to suck his friend off. The boys discovered sex through mutual exploration during a sleep over when they were 12. Over time they had tried everything that they could think of to bring each other pleasure. They invited the other boys into their club as they started to reach puberty.

Adam gasped as Jon began to deep throat him. Adam ran his fingers through Jon's wavy black hair and told him how awesome the blow job was. Even though Adam had cum with Coach Smith about an hour ago, he needed release again. Adam began to fuck Jon's face in order to get relief.

Jon loved it when Adam would take over and face fuck him. Adam's light blond pubic bush slammed into Jon's lips again and again as Jon prepared to accept a creamy load of seed from his friend. Adam cried out that he was cumming as his testicles drew up into his body. Adam thrust again and again with a powerful orgasm. He gasped for breath as his erect member slipped from Jon's mouth.

Jon looked up at Adam. That was weird dude...you didn't cum. Well you came...but it was dry.

No way...kewl! Now maybe your sister will let me have sex with her. Adam told his friend. Adam was hot for Jon's little sister, Courtney. She was a beauty. Courtney stood 5'3" tall with raven color hair and the most beautiful face Adam had ever seen. Last

weekend when Adam spent the night, Courtney joined them about midnight to watch the last of Saturday Night Live. The boys wore only boxer briefs and Courtney had on a red athletic t-shirt and bikini underpants.

Adam flirted with her and told her how hot she was. He told her that she had the hottest body he had ever seen. His erection in his boxer briefs was proof of how hot she looked he told her as he pointed to his erect member. She blushed and both boys watched as her nipples became rock hard under her tiny t-shirt. Jon could not believe that Adam had asked his little sister to have sex with him right in front of her older brother.

Courtney sat on the leather couch next to Adam with her hand on his thigh and told him she would but she was sure that he would get her pregnant. She told him that as she ran her hand up and down his thigh while she brushed a lock of his white blond hair out of his eyes. Adam was leaking precum so much that he suddenly had a wet spot on the front of his boxer briefs.

Courtney looked at his underwear in amazement and asked Adam if that was sperm. Adam shook his head no and told her it was just precum, a lubricant that guys make.

Courtney looked at Jon and said, Adam looks pretty worked up. Are you guys going to take care of each other like you usually do when he sleeps over?

Both boys blushed; Adam looked Courtney in the eye and smiled. I guess you have been listening at the wall. Yeah...Jon will have to take care of me because I could never get to sleep tonight after you have gotten me this worked up.

Courtney leaned forward and kissed Adam's cheek while her hand trailed up his thigh and over his erections. Adam just moaned.

Jon looked at Adam as he daydreamed about Courtney. You've got it really bad for her don't you?

Adam was thinking about Courtney as he knelt in front of her naked brother. Adam nodded as he got in position to suck Jon. She is really hot. Do you ever think about doing her? Adam asked Jon

Yeah I do. She likes going naked around the house and she knows it makes me sooooo hard. The other day she was getting changed after school. She went into the bathroom naked. I just stood in my doorway waiting for her to go back to her room. She laughed when she walked out and teased me about not wanting to miss the return trip.

I just stood there and stared at her tiny boobs and the little bit of hair she had on her pussy. She walked over and stood in front of me and told me I could take a good look. So I did. I was so hard and she ran her finger up the shaft of my erection and then turned to walk into her room.

I closed my door and dropped my jeans on the floor and dove for my bed so that I could jack off. I was stroking as fast as I could when she walked in naked. She leaned against the doorway. I paused. She asked me to continue. She told me she wanted to see a boy sperm.

I continued to stroke and she walked closer. When I was right on the edge, I told her I was going to sperm. She stepped up close and I shot off the first jet of cum and it landed on her belly. She watched me continue and she put her hand out and I shot sperm all over it.

She smelled my seed and told me than Janice Hough had sucked Timmy off and swallowed his seed. She then tentatively tasted the semen in the palm of her hand. She told me it was a little salty but that she liked it. My penis was still hard and she felt it with her sperm covered hand. Courtney thanked me and went back to her room.

Later that night she came back in while I was studying and thanked me again. She stood behind me and wrapped her arms around me and hugged me. She kissed my forehead and told me she thought I was really sexy...especially when I was naked.

Adam was sucking Jon while Jon told the story. When he got to the part about her arms wrapped around him Jon was very close to orgasm. Jon told Adam that she wanted Jon to invite Adam over again soon and they could all get naked and watch Saturday Night Live. The moment Jon told Adam that he groaned and began to face fuck his friend. As hard as Adam's young body tried to release his seed there was none there to give his friend. He had an intensely powerful dry orgasm. He thrust again and again until the powerful feeling subsided. Adam pulled Jon up and kissed him.

Nancy and Josh were in waist deep water watching the boys make love while the two of them were locked in intercourse. After each wave as the water rolled out, the water level would drop to their knees and their love making was visible from the beach.

Adam looked over to see his 15 year old friend Mark fucking 12 year old Sam. Sam was really cute. He had curly blond hair and deep blue eyes. He had an intense sex drive for a 12 year old. Mark and Sam fucked the first time about a year ago. Sam has not been able to get enough of Mark's cock ever since that first night. 14 year old Austin was next to them naked and on his knees sucking 11 year old Cameron. Austin could not explain it but there was something about having sex with his hairless friend that turned him on. Cameron was so cute...especially when he was naked. All of the boys were lost in their own pleasure until Jon looked out and saw Nancy and Josh naked in the surf making love. He called out to his friends and pointed at the good looking couple in the surf.

That was enough to push Mark and Cameron over the edge. With the sounds of his friend's orgasms behind him, Jon looked closer at the couple and saw that it was the two doctors. He told the rest of the guys

Josh looked over and saw the boys each locked in a wildly sexual embrace. That was enough to trigger Josh's orgasm. Nancy suddenly felt Josh expand to his full length and his erection became extra thick as he filled her with his hot semen. She loved it when his cock got huge and she felt her own juices flood and mix with his hot semen. She cried out as the powerful orgasm rocked her body. As they did it was apparent that Josh and Nancy were both having an orgasm.

Josh usually softened considerably after his orgasm. Nancy was surprised that Josh was still fully erect. It felt to her like he might even be harder than he was before. She could not understand it until she looked over her shoulder and say the boys having sex. By now the boys were watching she and Josh.

Wow you are super hard Josh...is it the boys? Josh blushed and nodded yes. Nancy smiled and asked him if he had ever been with a boy.

Josh told her that he had sex a lot with some of his friends when he was a young teen. The more he talked about it the harder he got.

Nancy lightly stroked his face and told him how much she loved it when he got hard like this. She asked him if he would like to have one of those naked boys in bed with them. Josh nodded and began to thrust deeply into Nancy. She moaned at his reaction.

Would you like to suck one of their hard cocks? She asked him.

He nodded and thrust harder and kept thrusting as she described a boy's orgasm as a result of Josh sucking him. That was enough to put Josh over the top and both Josh and Nancy had a second more powerful orgasm.

The couple had just finished when the boys reached them. Sam looked at Josh and Nancy and told them that it was real kewl to watch them. He had never seen a guy and girl make love. Seen all of the naked boys made Josh very hard again and he and Nancy were still joined as one.

Josh told them that it was cool to see them naked too. As the next wave went out, Josh and Nancy could see that the six boys were all stroking each other. They watched Josh and Nancy continue to make love.

Seeing the hot looking boys and having the six of them play with each other while watching Josh and Nancy intensified Josh's sexual excitement. He began to slam his thick member deep in Nancy again and again. Since he had just had two orgasms, it took him a while to build up to a third. Nancy was moaning with each thrust and the boys stroked harder and faster as they watched them.

Nancy cried out as the most powerful orgasm yet rocked her body. Josh kept pounding his member deep in her core as he body ached for release again. He stayed right on the edge for a long time until he watched the boys as they began their orgasms. The sight of

the young boys pleasuring each other until they reached the ultimate pleasure of orgasm was enough to push Josh into a mind bending orgasm. As he came, he imagined that he was sucking Jon to orgasm. The more he thought about making love to Jon, the more his body strained to release semen.

Josh watched in amazement as all of the boys had intense dry orgasms. Their young bodies took turns shuddering as the powerful feeling washed over them. It was a beautiful thing to see.

Josh, Nancy and the boys walked up on the beach and collapsed with sexual exhaustion. The boys watched Nancy spread her legs and the flood of her juices and Josh's semen drained out on the sand.

Josh watched as Adam got hard as he studied Nancy. Josh got on his knees. He could not help himself, he had to taste that beautiful boy. As Josh took the 15 year old erection in his mouth, he became hard again himself. The boys were amazed because they had never seen an erection that large. They began to feel Josh up and Nancy fingered herself as she watched.

Jon watched Nancy finger herself and began to stroke himself. Nancy watched the boy study her and she motioned him over. Jon knelt on the hard packed sand between her legs and gasped as she pulled him in to sexual union with her. Their bodies were locked together as one. Jon was so turned on that he began to intensely pound her core with his young member until he had them both on the verge of another climax. It was then that they heard Josh and Adam groan with their own orgasms. As the sun set they were all stretched out on the warm sand in each other's arms.

Josh and Nancy laughed and chatted with the boys as they all caught their breath. Nancy looked at Sam's 12 year old penis as it started to harden again. She reached over and began to stroke the beautiful uncut organ. It was white with a pink flared head that begged to be sucked. She leaned over and began to suck the boy. Her hands grasped the member of Jon and Adam. Josh began to suck Cameron's boy penis while he played with the two older boy's erections. All 6 boys gasped and groaned from the pleasure of the stimulation. Sam was the first to reach orgasm. His small pelvis rocked against Nancy's face as his lean frame shuddered with the convulsions of a powerful dry orgasm. The other five boys reacted one by one to the sounds of Sam's orgasm with their own cries of pleasure.

It was dark when Nancy and Josh untangled themselves from the boys and grabbed their swim suits off the beach and began to jog back to the hotel. As they were jogging Nancy turned to Josh and told him just how exciting it was to be with those boys. She told Josh how sexy he looked as he sucked the boys. She said she wanted to do that again soon.

Allison shook her head as she walked into the family room. This was the third time this week that she found her 12 year old daughter Courtney masturbating. The child had an

incredibly strong sex drive. It worried her that Courtney was so sexual because she feared that the beautiful young girl might become pregnant.

This evening when Allison was walking down the hall to her bedroom, she looked into Courtney's bedroom and found her naked on the bed with her fingers massaging her lust swollen clit. Courtney had taken the picture that Jon kept on his desk. It was of Jon and Adam at the beach. The boys were playing Frisbee wearing only their swim suits. Allison wondered which of the boys stimulated Courtney or was it both.

Allison had heard Courtney taunting Jon with her nakedness several times. Jon always had to close his door afterward so that he could masturbate. Allison could not believe it yesterday when she heard Courtney walk in while Jon was masturbating. Allison felt her panties getting wet from the flow of her juices as she thought about her two sexy and sex starved children. Allison wondered what would happen when the boys received the NuChas shot. That made her wonder where Jon and Adam were. She had not seen either one of them since school let out.

The sound of the screen door slamming made her smile. She knew from the rumble of their feet and the sound of the refrigerator door that the boys were here. Allison walked out in the kitchen as the boys heated hot dogs in the microwave. Allison immediately saw the outline of the boy's erections in their shorts. She noticed that the corona of Adam's erection was clearly outlined and she wondered if the boy was wearing underwear.

She offered the boys potato salad and some green beans.

They both quickly nodded yes.

Courtney walked into the kitchen in a bare midriff t-shirt and the bottoms to her bikini. Allison saw that Courtney's nipples were fully erect and she saw that neither of the boys missed the nipples either. Adam could not take his eyes off of them.

Courtney asked Jon about the effects of the shot.

It was pretty wild, he told her. We all went to the beach after we got off the bus. We could not keep our hands off of each other. We all had a bunch of orgasms.

Adam laughed and told Courtney that Jon went off in his pants on the bus. You should have seen his underwear, Courtney, they were soaked with semen. It looked like he wet his pants.

Jon was embarrassed that Adam was talking about this stuff in front of his mom.

She looked at Jon and asked him how he felt now.

I am sooooo hard mom. It won't go down. I started having dry gasms already.

She rubbed his shoulders after she put more food on the table. Allison could clearly see that her son was fully erect.

Courtney asked Adam if he was having dry orgasms too.

Adam nodded yes.

Courtney told Adam she thought that was cool.

Mom, can Adam spend the night? Jon asked his mother.

Allison watched the sexual sparks fly between Adam and Courtney. She knew that if she agreed that Courtney was going to lose her virginity. She thought for a moment and then said yes.

The boys and Courtney all grinned. She told the boys they needed to shower and that she would call Adam's mom and let her know that Adam was spending the night. She ran her fingers through both boys' hair. As she touched Adam, she imagined his erection penetrating Courtney and it made her shiver.

The boys finished eating and headed down the hall for their shower. They both got naked the moment the bathroom door was closed and started the shower. Courtney and Allison could hear the boys' laughter and their groans as they pleasured each other.

Their old house was far from sound proof and Allison had known for a long time that Jon and Adam pleasured each other regularly. She often masturbated to the sound of Jon's bed as it squeaked in rhythm to the boys as they were joined in intercourse.

When the boys walked out they both had towels wrapped around their waist. Even though they had both just had an orgasm, they had obscene tents in their towels. Allison gathered up the boys' clothes up off the bathroom floor and walked down the hall behind them to see if they had any more.

As she reached Jon's room, Adam had just dropped his towel on the floor and was standing there naked and fully erect. She could not take her eyes off of him. His body was gorgeous. She studied his erection and watched it as it throbbed with each beat of his heart.

Allison walked over and picked up the wet towel. She asked the boys if they had more laundry. Adam blushed and pulled the still damp semen stained briefs from his backpack. Allison could not help grinning at the handsome boy. She kissed Jon's cheek as he let his towel loose and handed it to his mother. He was completely naked and erect. Allison reached out and fondled his erection and scrotum. She told him he was going to make some girl very happy with his member.

Allison walked out and found that she was flooding her underwear with her love juices. She needed sex. It had been too long since her husband died.

She put the clothes in the washer and started it. Allison went to her room and reached to the back of her night table to find her vibrator. She quickly peeled off her clothes and stretched out with her legs spread. She closed her eyes and imagined Adam naked and between Courtney's legs. In a few minutes Allison's body was rocked by a wild orgasm. She shuddered again and again as wave after wave of pleasure washed over her. She held the vibrating tip on her super sensitive clit and that took the pleasure to greater heights.

As she lay on the bed catching her breath, the floor boards in the hallway creaked. She could tell from the sound it was Courtney walking toward Jon's room. She heard the three of them giggle as she walked in.

Jon was sucking Adam when Courtney walked in. He looked over at her startled.

Wow that's hot she told them as she stood in front of them in all of her naked beauty. Courtney walked over to the boys and ran her finger tips over their naked bodies. Jon could smell her raw sex and he saw the moisture running down her leg. Adam leaned over and kissed her. She kissed him back. Their kiss was tentative at first. As it continued the head increased. Clearly both their hormones surged through their young bodies.

Courtney took Adam's hand and placed it on her tiny breasts. The friction of his finger over her turgid and sensitive nipples made her gasp. Adam broke their kiss for a moment and swung his head to clear his blond hair from his eyes. He stared at Courtney for a long while with his electric blue eyes. His thumbs played with her erect nipples as her brown eyes filled with undisguised lust. Adam began to kiss Courtney again and this time she pulled his lean muscular body against hers. Courtney felt his thick uncut penis throbbing against her abs.

Her mouth opened and received his probing tongue. She shuddered as his attention to her nipples and his hot kisses caused a mini orgasm. She felt her hot juices starting to run down her leg. Her heart was pounding as she thought about this beautiful boy entering her sacred place.

Adam felt Jon's hands stroking his legs and he looked down to see Jon smiling at him as he held Courtney in his strong arms. He led Courtney over to the bed and stretched her small 12 year old body out. Adam's fingers probed her vagina as he lips suck on her tiny boobs. Adam had never felt a girl's vagina so he was surprised at how wet she was. She was so beautiful. He found her vagina tight. It hugged his middle finger tightly and he wondered how his thick erection was going to penetrate her. He resumed kissing her as he positioned himself between her tiny muscular legs. His erection was so hard it was tight against his abdomen and so he pulled it down and pulled the foreskin back as he eased the head of his penis into her core.

Her vagina was so hot and tight, Adam almost climaxed putting the tip of his member in her. He eased forward and winced as she moaned in pain. She was so tight. He eased forward again and when his erection was about half way in her he was stopped. He knew he could not be all the way in.

Courtney squirmed and moaned as pain turned to pleasure. Having Adam's thick member deep inside her was the most pleasurable thing that Courtney had ever experienced. Adam felt something cold touch his rosebud. It was lube that Jon put on him before he inserted his fingers. Adam now had the dual stimulation of Jon massaging his prostate with his fingers and the heat and tightness of Courtney's vagina trying to milk his seed from his sacred orbs. Then Adam felt the emptiness of Jon's fingers pulling out only to feel Jon's erection pressed against his rosebud. This was the most awesome thing that Adam could think of. It was like they were both going to have intercourse with Courtney.

Courtney felt Jon behind Adam and her fingers touched his hard penis. They traced down his shaft until she reached the point where the head of Jon's penis was buried in Adams rosebud. This was the hottest thing that she could imagine. She reached for Jon's hips and in one motion she pulled Jon deep inside Adam. Jon's weight on Adam pushed him forward and in seconds Adam felt Courtney's hymen rupture. She cried out as his erection penetrated her deep into her core. The combined thrusting of Adam and Jon stretched her cervix. It was an awesome full feeling. She felt her throbbing clit rubbing along Adam's member and the stimulation was magnificent. The three began to move as one. Each thrust brought exquisite pleasure to each of them. The double penetration was something Adam had dreamed about in his masturbatory fantasies, but never thought it was a possibility. Jon loved the idea that he was fucking his best friend and his sister at the same time. Jon began to massage Courtney's nipples as he kissed the back of Adam's neck and bathed it with his tongue. They were all three hanging on the verge of a powerful orgasm. Each desperately needed release but wanted to make this moment last as long as possible.

Courtney became so stimulated that each ridge in her tiny vagina was desperately trying to coax Adam to orgasm. It was that intense stimulation combined with Jon pinching his nipples that drove Adam over the edge. Adam rammed his erection deep in Courtney again and again as the waves of pleasure cascaded over his body. The pleasure was so intense it was like electric shocks radiating through his body. That made his sphincter contract which triggered Jon's orgasm. Jon rammed his erection into his friend and that combined the power of the thrust into Courtney. Courtney's clit was riding along the top of Adam's thick member and she literally screamed as her orgasm rocked her young body. The pleasure was so intense that she was keening as the powerful sensations continued. While both boys had achieved powerful climaxes neither had softened in the least and they both kept thrusting. Courtney was gasping for breath as she chanted no...no not again as the pounding of her vagina continued.

Oh...so good...so powerful...ahhhhhhhhhh she screamed again and the bedroom door opened as Courtney screamed with the intense pleasure. Her vagina convulsed in spasm

as her orgasm hit its peak as she was starting to come down, Adam experienced his second orgasm. That made him pound deeply into her molten core. He felt her juices squish out with each thrust as she screamed out with her third orgasm. Jon savaged Adam's love tunnel as the tight sleeve pulled Jon to a powerful orgasm. Jon rode his friend's ass and slammed it again and again until the powerful sensations passed.

It was then that they heard Allison moaning with her orgasm as she fingered herself to a mind bending orgasm. This time the boys uncoupled even though they were both still fully erect. Jon held out his arms for his mother and she came to him and held her handsome 15 year old boy in her arms. Allison was distracted by the feeling of his throbbing member against her abdomen. She could not believe that she was lying in bed naked with both of her kids and Adam. Jon kissed her on the lips which surprised her. She shuddered at the thought of a passionate kiss with her son but it felt so right. Jon's hands began to roam over her 36c breasts. They felt awesome in his hand and soon he nursed on them as he had 15 years ago. Jon glanced over to see Adam on his back with his erection being caressed by Courtney's labia. From the look on Adam's face he could only assume that it was intensely pleasurable.

It was then that Jon's throbbing member slid down the crack of his mother's labia. Suddenly the tip of his penis reacted to the warmth and wetness of her vagina. It felt awesome to have the tip of his member in his mother's sacred place.

The pleasure was too much for Allison and she reached down and gripped her son's hips and pulled his 15 year old member deep in her core. His cock felt exactly like his father's.

Jon was shocked to find himself coupled with his mother. The pleasure of being deep inside her was almost enough to trigger another orgasm. He hesitated only a moment before he began to thrust deeply into her hot wet core. He looked over to see Adam's penis being ridden by his 12 year old sister. Courtney was groaning as she bounced up and down on Adam's steel hard member.

Watching his friend was enough to push him over the edge and he cried out that he was cumming to his mother. Allison felt herself slip over the edge and she began to cry out with the pleasure her son was causing. Courtney watched her mom and brother until her own pleasure made her eyes roll up in her head. She felt Adam's hips thrust up off the bed again and again as he cried out in orgasmic bliss.

Things were quiet for a few minutes. The boys pulled their still hard erections out and both Allison and Courtney discovered that the boys were still hard. Courtney told Adam that Jon would have to take care of him this time...she needed some rest.

The thought of the two boys pleasuring each other was exciting to Allison. She watched as Jon became the aggressor and turned in a superior 69 position and began to fuck his best friend's mouth while returning the favor and took Adam's rock hard member to the hilt. The boys sucked each other intensely for several minutes. Adam began to get the

powerful feeling and the intensity of it was so great that it made his toes curl. Adam felt Courtney probe his rose bud and Allison did the same thing to Jon. Soon both boys were in full orgasm. Their bodies ached for release and they pounded each other's mouth to gain that release. They thrust again and again as if it was their first orgasm of the day. Soon their thrusting slowed and Jon swung his sweat drenched body around and took Adam in his arms and kissed him passionately. Mother and daughter wrapped their arms around the two sexy boys and soon they all drifted off to sleep.

I hope you enjoyed this chapter of Boner Island and that it brought you to a wonderful climax.
