## The Moretti's - A Different Family Dynamic

### Chapter 27

#### Sunday Evening – Colin Receives His Present – 16 February 2003

Apollonia told everybody that she was going to give Colin his present. She rose, asked him to stand where everyone could see him, and asked where the package he retrieved was. He pointed to where he was sitting. The package lay on the couch unopened. Smiling like the Cheshire cat she picked it up and said, "Sweet... Time for you to display your charms to everyone here. Open your dress, Colin."

Standing in front of his mother, father, sister, and brother-in-law Colin unbuttoned his dress to reveal the matching lace bra and panties he was wearing. His legs were covered in a light ecru laced top thigh high stockings. His cock was lying from his crotch towards his left hip. He was embarrassed because he had dribbled a small amount of precum just from being dressed in front of everybody. He looked at Apollonia and asked, "Miss Apollonia would you like me to remove my dress?"

Pursing her lips as if she was thinking he had asked a wonderful question she responded, "Why of course, sissy boi, I think it would be better for you when I give you your present. I also think you should pull your panties down to your knees."

Colin silently complied with Apollonia's wishes. He pushed down his panties causing his cock to fall in front of his body. He wasn't in the least ashamed that he was exposing himself to his mother and sister. They were surprised to see that he wasn't very small. His cock was average in length and thickness. His hairless balls hung between his legs seemingly happy to be released from the confines of the lace panties.

Apollonia handed the package to him and told him to open it which he did revealing a box labeled JT Stockroom. He opened the package. His eyes flew open and his face displayed complete shock at what he saw resting inside the package. He looked at Apollonia, tears beginning to well up in his beautifully made-up eyes, and said, "Is this for me to wear, Miss Apollonia?"

She didn't answer him directly. "Why don't you take it out and show everybody the present I gave you. Be happy I haven't made you turn around and show them what is inserted into your pussy. If you're a good little sissy boi, maybe I'll let your mother or sister give you a milking. Would you like that, Colin?"

"NOOOOO!!!" he cried as he carefully pulled the present out of the box. He dropped the empty box and held in his right hand a small velvet pouch that had embroidered on the "The Brig – Male Chastity Device". In his left hand was the device itself.

Apollonia took the device from his left hand, held it out, and showed everyone what it looked like. The device was a solid stainless steel cock cage. It consisted of a sleek four-and-a-half inch solid cock sleeve which curved downward ending in an eight spoke dome. The device was devious in its design and its wearer's cock was confined as if it were in Alcatraz. The curvature of the cage allowed the device to be discreetly worn in public. She disassembled the chastity device and held the cock ring, steel cage, and a small Master lock and key which she had pulled from inside the waist of her jeans.

She looked around at everyone and said, "This little device is the newest male chastity device from a great web site for S&M and B&D gear. I'm hoping that the sissy will take to wearing this chastity device as quickly as he as to having an anal plug in his pussy. Walter, Lillian, Elizabeth, and Joshua the purpose of the anal plug is twofold. The first is to teach the sissy to walk like a girl. You know swing his hips in a manner that is pleasing to the opposite sex. The second is to train his sphincter to accept a male member without his crying or screaming out in pain."

Walter said, "Is this necessary? I don't need an education class in my son's humiliation."

"Water," said Mario in an even voice, "it was your decision to stay and with all due respect, it is your decision to leave. What you are witnessing is a woman giving back to a liar his due. If you're uncomfortable, then leave. I am not keeping you here. You are free to go at any time, Walter. I won't think any less of you."

Walter rolled back into the couch and kept his mouth shut as he watched his son's humiliation continue at the hands of Mario's youngest daughter.

The silence of the room was broken when Carmen, Sarah, and Jason ran into the room. Raffaella and Elizabeth reacted with enough time to get their children together and keep them quiet, but not keeping them from seeing their Uncle Colin standing partially dressed in women's lingerie. Both women kept the children away from the conversation pit and Raffaella in a strongly whispered command told them to stand there, keep quiet, and not move a muscle in their bodies or she'd personally take them into the family room to spank them so hard they wouldn't be able to sit until they were twenty-one. Frozen in fear Carmen, Sarah, and Jason stood next to their mothers doing as Raffaella commanded.

Once the room settled down, Apollonia moved to Colin's right side and placed her left hand between the cheeks of his male pussy. She felt the broad end of his anal plug and without telling anyone what she was doing began to move it in and out and around in his ass. She watched as he tried to stem the inevitable. When his male clitoris began to grow she said, "I know my parents and sister understand what is happening. For those of you who don't, I am applying pressure on his anal plug which in turn is applying pressure on his internal sissy clitoris. You are all witness to his inability to control his sissy vaginal passion as his male clitoris begins to rise. If I continue this, he will harden, begin to thrust as if he is being fucked, and experience a sissy orgasm."

Joshua understood what was happening to his brother-in-law and tried to keep his medical knowledge from coloring his thoughts because he was sitting there with a bit of an erection again thinking about bending Colin over and fucking him. Elizabeth stood with tears in her eyes wishing she could stop her brother's humiliation at the hands of the woman he loved unconditionally. Walter and Lillian were fighting their need to protect their son, but he was an adult, made his decision, and they would respect him for it, but they didn't have to like it.

Colin looked over to his sister, Raffaella, the children, and tried to tell them to please take them out of the room. He failed to make his point as his hips began to move in concert with Apollonia's pushing and rotating the anal plug. He tried to stop his body from reacting to the anal stimulation but failed miserably when his male clitoris jumped a few times, his hips pushed forward, and three small dribbles of his sissy milk tumbled from his pulsating male clitoris.

Apollonia removed her hand from the end of the plug, slapped his ass, and said, "Oh, look at the mess you made. Not a man's mess, but a sissy's mess. Now it is time for you to show everyone how you clean up after yourself. Especially when you don't deposit your sissy milk into a proper receptacle."

Colin, his mind reeling from having just ejaculated in front of everyone, fell to his knees, stuck out his tongue, and licked the three small droplets of his cum from the floor in front of him. When the humiliated sissy completed his task, he asked, "May I stand up now, Miss Apollonia?"

She checked the floor, congratulated him for a job well done, and said, "Yes, please stand so everyone here can witness your useless male appendage being locked up for the rest of your life."

He cried as he rose from his knees. Apollonia took the stainless steel ring and placed his cock and balls through it. She then slid his flaccid cock into the tube that would be its new home, aligned the pins with their respective holes, and slid the tube home. She took the small Master lock and snapped it close through the hole provided in the middle pin. Apollonia then placed her right hand underneath his balls and felt the weight of the chastity device before she pulled her hand away from his genitals.

"Ok, Colin. Pull your panties up, put your dress back on, and let me see how you look considering you're now a chastised sissy bitch."

To the amazement of all, when he finished buttoning the tan safari dress the stainless steel chastity device was hardly, if at all noticeable.

Without any provocation or command from Apollonia, Colin said, "Thank you Miss Apollonia. Thank you for allowing me to spill my sissy milk one more time before you placed me in my chastity device. I hope that you will allow me to again in the future."

Surprised by his statement, Apollonia stepped up to him and placed a kiss on his right cheek. She took his hands into hers and said, "Hopefully a week from today you will be so accommodating when you take Sonny's cock and place it into me relinquishing all rights to me and my body." She turned her back to him, looked at the gathering, and said, "Thank you all for attending Colin's coming out party. Oh, and be sure to mark your calendars that a week from today your attendance is requested to be part of Colin's cuckold wedding."
