

Fantasy II
By Doctor X

She was one of the most beautiful women that I had ever seen. She had red hair that fell down just past her shoulders. She had big beautiful brown eyes and wore two earrings in each ear. She was wearing a light blue t-shirt that hugged her firm cantaloupe sized breasts. You could see the outline of her striped bra through the shirt. Her waist was flat and toned and her hips flared out under her blue jeans. I approached her and asked her if she would go out with me and she agreed.

I took her back to my place and we sat down on my couch together. I leaned over and kissed her. She returned my advance and I pressed on. I moved my hand underneath the bottom of her light blue t-shirt and massaged her breasts through her bra. We were still kissing at this point. This went on for several minutes. Eventually she started moaning. She pulled away from me. I was disappointed until I realized that she was only pulling away so that she could pull the t-shirt off and unhook and remove her bra letting her breasts flop free. I pulled my shirt off as well. I stood up and pulled her up with me. As we kissed we moved into the bedroom. She pushed me down onto the bed and pulled my pants and boxers off. She then dropped down to her knees and put her mouth around my penis. She sucked and moved back and forth until I finally came in her mouth.

She stood up and slipped her pants and panties off and climbed on top of me. I slid my penis into her vagina. She was rocking up and down on me flooding me with pleasure. I put my mouth over her nipple and sucked on it. She was really getting exciting now. I came inside of her then I flipped over so that I was now on top. I moved my head down between her legs and started giving her oral sex. This went on until we were both totally exhausted. When we could go on no longer we laid on the bed in each other's arms, my head resting on her chest. When I woke up she was gone and I haven't seen her since.
